IS BASEBALL A SPORT?

They call baseball a sport, but in the opinion of some of our best amateurs, it is a cross between muckermism and blackguardry.

It is conceded to be good business to get the opposition goat, no matter at what expense of indulgence in personalities, true and untrue.

The game as conducted on big league ball fields will never fit the gentleman amateur's scheme of things, however efficient it may prove in the matter of winning pennants.

Contrasted with the way they do things in other lines of sport, baseball suffers somewhat. For example, if two "demons" are belting each other's heads loose from their trunks, and one should slip on an unbrushed canvas nine times out of ten the opponent helps him up.

In one championship match a player, finding that the position of the sun made it practically impossible for his opponent to handle high lobes successfully, refrained from using this stroke more than was absolutely necessary.

That's a finer, more sportsmanlike attitude to take than trying to win by taking advantage of the other fellow's mistakes. But it will prevail in baseball about the same time as "Conny" Murphy displaces Eddie Collins as king of the second basemen.

NESS FAILS AT LAST.

Los Angeles, Calif., July 22.—Jack Ness, Oakland, first baseman who had hit safely in forty-nine consecutive games, failed today to get a hit.

Arthur Fromme, pitcher for Vernon, broke Ness' record breaking streak which surpasses Ty Cobb's record of forty games. Ness was at bat four times today. He flew out twice, grounded to the pitcher once and got on base on a force-out another time.

PLAYER BROKE HIS LEG.

Harrisburg, July 22.—Leo Callahan, centre fielder of the Harrisburg International League team, broke his leg above the ankle while sliding home in the second inning of today's game between Harrisburg and Providence. Two years ago in a game with Rochester, Callahan broke his leg in the same place. His home is in Boston.

FEDERALS HAVE WAR FUND.

New York, July 17.—Vice-president R. B. Ward of the Federal League complained the report that a war fund of \$1,000,000 was collected at the recent meeting of the league in this city, and that Harry Sinclair, owner of the Newark club, was selected to carry out the campaign. Mr. Ward said the money is in Sinclair's possession and that it will be used forwarding the interest of the league as a whole.

He refused to outline the manner in which the money will be expended, but intimated that the league was about to adopt a more vigorous policy. It is understood that the removal of President Gilmore's office from Chicago to this city is in line with this policy. Local Federal League officials said that as soon as Gilmore settles here he will complete arrangements for the installation of a club in New York.

Plans for other important changes in the circuit, among them a general strengthening of the clubs, are being considered and the decision will be made after the new quarters are in order.

MARATHON RACE A STRAIN.

That marathon racing is a strain on even the carefully trained athletes who participate in these long runs is shown by the recent report filed in connection with the Patriots' day 25-mile race at Boston. The physicians who examined and weighed the marathoners before and after the race reported an average loss of 6 1/2 pounds during the road run, although there were few cases of extreme exhaustion and none with permanent injurious effects. The report is as follows:

"The weight of all the men starting was taken, and after the race the weight of the first 35 men at the clubhouse. The average loss in weight of these 35 was 6 1/2 pounds; the weight loss of the winner was 7 1/2 pounds; of the second prize winner, 8 1/2 pounds, and of the third prize winner, five pounds. The largest loss in weight was 9 1/2 pounds, the smallest loss 3 1/2 pounds. No contestant was prevented from starting in the race, and all that finished were in good condition. The condition of the three prize winners was notably good."

SOUTH END LEAGUE.

Curlews, 11; Tartars, 0. The Curlews and the Tartars were unable to finish out six innings last evening on account of darkness and the game was won by the Curlews by a score of 11 to 0. The official score and summary follows:
