ISOLATION HOSPITAL  
BURNED YESTERDAY  
Structure was Totally Destroyed—No Patients in Building.

Fire Caught in Woodshed and Spread to the Main Building. The isolation hospital on Howe's Road was totally destroyed by fire yesterday morning. The fire started in a woodshed and spread from that to the main building. The wind blew the sparks across to the house which was soon a mass of flames. Help was called for from the city and the big motor truck went out but was not able to do anything as the lake was solidly frozen over. The building was the property of the municipality and had been used only for smallpox cases. Francis Murphy was in charge of the building and lived there with his wife and daughter. Insurance on the buildings burned totals \$6,900, as follows:

Main building ..... \$5,000  
Barn ..... 1,200  
Stock ..... 500  
Furniture ..... 200  
The main building was erected 45 years ago by a Mr. Howe, and was later owned by Hon. James Morland. T. M. Burns said a meeting of the Board of Health had been called to consider the situation, as they were without a building in which to send a smallpox patient.

BAD COLD? TAKE  
"CASCARETS" FOR  
BOWELS TONIGHT

They're fine! Live your  
liver and bowels and  
clear your head.

No headache, sour stomach  
bad cold or constipation  
by morning.

Get a 10-cent box.

Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your work will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children; they retain this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.

CAN SCARCELY SEND  
TOO MANY SOCKS FOR  
MEN IN TRENCHES

London, March 27.—The statement made by General Sir Edwin Alderson, to Canadian journalists, who visited the front, to the effect that "trench foot" has practically been eliminated from the Canadian troops, bears out what has been said in letters addressed to the Canadian War Contingent Association in connection with the sending of socks. Over and over again the fact has been emphasized that the comforts sent out by the association, have contributed, not only to the men's happiness, but to the maintenance of health under bad climatic conditions. General Alderson told the pressmen, that he had saddled the officers-in-command with the responsibility of seeing that there were no trench feet, which means that they had to look after the men properly. How this was carried out, was seen by the visitors, who were shown over the laundries, the baths and the stores. Men who had come out of the trenches were throwing off their clothing, taking hot and cold baths, and were then putting on clean and dry underclothing. The rule is to allow every man, if possible, four pairs of socks. When the men are in the trenches, socks are sent up to them, and the discarded ones are sent back in the same way. "You can scarcely send too many socks," said a sergeant-major; "they may accumulate at times, but sooner or later they are sure to be wanted." General Mercer when asked how the men were being looked after, as regards comforts, said the Canadian War Contingent Association was doing splendidly for them, and the socks sent had proved invaluable in saving the men's feet. Similar words of praise were heard at hospitals, "In fact," said one of the press party, to Mr. Colmer, "you seemed to gauge so well what are the requirements over there, that no one suggested any new articles that you could send."

Zam-Buk is free from animal fat or mineral poison. It is composed of rich, healing herbal essences that stimulate and heal diseased tissues. Suitable for babies as well as adults.

Zam-Buk cures eczema, piles, ulcers, cuts, burns, chapped hands, cold sores, abscesses, varicose sores, and other skin diseases and injuries.
