

SICK HEADACHES

For Last 10 Years

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N. B., writes: "I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B. B. B. to anyone who is suffering as I did. I only took 3 bottles, and am never troubled with sick headaches any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

PROBLEM OF RACE TRACK BETTING TO BE CONSIDERED

Government Has Promised That Parliament Will Consider Legislation on This Question at Next Session.

Ottawa, Nov. 13.—Important legislation dealing with the problem of race track betting will be introduced at the regular session of Parliament which the Government has promised the members will open early in the year. It will be based upon recommendations to be made by Dr. J. G. Rutherford, the commissioner appointed by the Government in August to thoroughly probe the whole matter, including such questions as the character and methods of operation of race tracks, the general effect of race meets and betting upon the community, and the effect of racing upon the production of improved breeds of horses and thoroughbred stock.

Dr. Rutherford has held sittings for the taking of evidence in all parts of Canada, excepting the Maritime Provinces. Asked when he would make his report, previous to his departure for the West with the Railway Board last night, Dr. Rutherford said it would be necessary for him to hold a few more sittings in the East subsequent to the completion of the telegraph inquiry.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Ready and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare and really there is nothing better for coughs.

Into a 16-oz. bottle, put 2½ ounces of Pinex (50 cents worth); then add plain granulated sugar syrup to make 16 ounces. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, this mixture saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm "thins" out and then disappears altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

Rev. H. A. McGillivray.

Harriet A. DeVeber

The death occurred suddenly at Halifax early yesterday morning, after a brief illness, of Harriet Amelia, wife of William H. DeVeber, this city, who had been visiting at the home of Mrs. R. H. Brown, a friend, for the last month and word of her sudden illness reached her husband and children here on Thursday. Catarrh Does Harm

Whether It Is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarrh of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alternative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, take Hood's Pills—they are a thorough cathartic, a gentle laxative; then Mrs. A. T. Tucker, St. George's, Bermuda, a sister, also survives. Burial will take place from St. Paul's church, this city, on Saturday afternoon at 3 o'clock.

James N. Gardner

The death of a well known Boston fish-merchant, James N. Gardner, took place at the Grand Hotel, Yarmouth,

N. S., on Wednesday night. The deceased suffered a slight stroke of paralysis at his home in Massachusetts some weeks ago and after recovering sufficiently to allow him to travel went to Yarmouth to spend the winter at his country home at Carleton. Mr. Gardner was a son of the late Mr. and Mrs. J. Nelson Gardner, of Yarmouth North. He was a very extensive buyer particularly during the lobster and mackerel season, and by that business he was very widely known all along the Atlantic seaboard. He was about fifty years of age. Surviving are his wife, four daughters, three sons and one brother, Rev. George Gardner, of Rexton, N. B.; two sisters, Mrs. H. B. Durkee, Boston and Mrs. Ansel B. Crosby, St. John, N. B.

New York, Nov. 13.—Six members of the crew of the waterlogged British schooner Gigantic, abandoned 100 miles east of Cape Race Nov. 9th, arrived here today on the American steamer Craigmore. The Gigantic encountered a severe storm and her sails and rigging had been carried away when she was sighted by the steamer. The schooner's crew was rescued with difficulty in a heavy sea. The Gigantic was bound from Lisbon to Harbor Buffet, Nfld. She registered 124 tons.

The Road—As It Is and As It Seems In Overland 4 on Three-Point Suspension Springs

UNTIL the advent of Overland 4 bad roads rode just as they looked. Until the introduction of the Overland 4 Spring-base, a road full of bumps meant jolts for the passengers and vibration that racked the car and reduced its life.

Overland 4 does not change the road, but it does change the manner in which you can ride on it. It gives you comfort instead of discomfort. It gives you a smooth, sailing sensation instead of bouncing and swaying.

This comfort achievement, the greatest since the introduction of pneumatic tires, is made possible by the wonderful cushioning ability of Three-Point Suspension Springs—exclusive with Overland.

The Diagonal attachment of the Three-Point Suspension Springs at the ends of a 130-inch frame gives the road steadiness achieved by a car of long wheelbase.

Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

Rough roads present no difficulties for Overland 4. Cushioned by its new system of suspension, which has been tested over 250,000 miles, it swings with buoyancy over good roads and bad. Shock, sway and rebound are absorbed.

Besides an altogether new standard of riding comfort this means a noteworthy reduction in the wear and tear which lessen the efficiency of the car. It gives longer life to every part and thus minimizes upkeep and replacement costs.

Tires wear longer because cushioned against hammering blows. Light weight means marked economy in gas, oil and running expense.

Overland 4's equipment is no less admirable than its construction. The list is complete from Auto-Lite Starting and Lighting to Demountable Rims.

Come in and see this remarkable car. Ask for Booklet, Overland 4 Touring, \$1195; Roadster, \$1195; Coupe, \$1845; Sedan, \$1995. Prices f. o. b. Toronto, War Tax included.
