## Why Castoria?

**YEARS** ago Astor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, receive the praise of Physicians everywhere and become a household word among mothers.

A remedy **ESPECIALLY** prepared for Infants and Children and no mother would think giving to her baby a remedy that she would use for herself without consulting a physician.

## DEDICATION OF PEACE MEMORIAL IS HELD TODAY

Massive Gateway Across Canadian-United States Border.

**MANY NOTABLES ARE EXPECTED TO ATTEND**  
Marks Close of One Hundred Years of Peace Between the Two Countries.

By Canadian Press.  
Vancouver, B. C., Sept. 5.—The first memorial to peace ever to be erected in the world, a massive gateway of concrete in the form of an arch, to commemorate the passing of a hundred years of peace between Great Britain and the United States of America, will be dedicated with appropriate ceremonies of an international character tomorrow at the site of the arch on the international boundary line between British Columbia and the State of Washington. This symbol of the ideal of concord and amity between two great democracies has been erected at a distance of about 100 yards from high water mark on the shore of the Pacific Ocean, and crossing the border line of the two countries at an oblique angle. Across the pylon on the United States front of the arch is inscribed "Children of a Common Mother," and on the Canadian front "Brothers Dwelling Together in Unity." The doors will have these inscriptions: "Open for One Hundred Years," referring to the Treaty of Ghent, and "May These Doors Never Be Closed." This peace of 100 years has been maintained without fortifications or armies along 3,000 miles of border between Canada and the United States.

The "Peace Arch" is a structure of reinforced concrete consisting of a solid base upon a foundation of heavy piling, and the supporting walls which are reached over an open space and rise above it surmounted by a heavy entablature. The arch is already finished and at night appears brilliantly illuminated by a multitude of electric lamps. It has cost about \$40,000.

Encircled by Highway.  
The Pacific Highway between Vancouver and San Diego will be slightly diverted to encircle the arch. The citizens of Blaine, Washington, have donated three acres of land immediately south of the international line, and the Canadian committee hope to secure three acres immediately north of the boundary so that the arch will stand in the centre of a six acre park through which the Pacific highway will run.

The day fixed for the dedication is that upon which the Pilgrim Fathers went on board the Mayflower, and also the date of the first battle of Marston. A portion of a beam from the historic Mayflower is built into the arch. It was secured in England, and

## USING PLANES IN ENFORCEMENT OF DOMINION LAWS

Unlicensed Passenger Carriers Detected by Man Higher Up.

Vancouver, Sept. 5.—The scenic waters adjacent to Vancouver have for years been studded with unlicensed passenger craft, mostly small launches, which are not registered in accordance with Dominion regulations, and which do not carry lifeboats or other life-saving apparatus. As this misquito fleet ties up at scattered wharves on private property, it has been very difficult for the authorities to take action, but a way has finally been found to spot the offenders.

On Sunday an airplane circled over Burrard Inlet, on the North Arm, and Howe Sound, sweeping down low enough to spot the name of any craft carrying passengers. An observer took abundant notes, and these are now being compared with the names of owners of registered craft so that action may be taken by the Customs Department. The chief difficulty now confronting the authorities is to distinguish between the strictly pleasure craft and those launches which, originally pleasure craft, have been turned to commercial use by their owners.

The airplane has also been used this season to keep a watchful eye on Fraser river fishermen on Sunday evenings. The law is that no net may be cast overboard until six a.m. and this has been enforced as rigidly as possible, in the interests of the preservation of the salmon industry. But the fishermen who man the boats under Walter Runciman, signed at Ghent, Belgium, December 24, 1814.

Into the arch is also built a portion of a timber from the historic vessel "Beaver," the first steam boat to ply on the Pacific ocean. Committees on both sides of the international line will be entrusted with the care and maintenance of the arch and grounds surrounding it.

The dedicatory ceremonies will be under the joint management of the International Peace Memorial Association of British Columbia, and a corresponding organization representing the State of Washington, Hon. Samuel Hill, a cousin of the late James Hill, who has been active in the erection of the arch, will preside at the opening. A representative of the Society of Friends (Quakers) will invoke the Divine blessing. The Governor of Oregon is expected to deliver the principal address for the United States, and R. Howe Holland, Vancouver, president of the British Columbia peace arch organization, has been deputed to speak for Canada and Great Britain.

Many Notables to Attend.  
Many representative men and women of both countries will attend. The British Columbia delegation will be headed by Lieutenant-Governor W. C. Nichol, Premier John Oliver, cabinet ministers, members of the legislature.

A Canadian clergyman will offer a closing prayer. The flags of Great Britain, the United States, France and Belgium will be raised. The American flag will be raised by a British Columbia girl and the Union Jack by an American girl. The idea of an international peace portal followed a flag raising ceremony on the boundary line on a day in 1915 to mark 100 years of peace between the two great Anglo-Saxon speaking nations. This was arranged by a joint committee of Canadians and Americans.

The formal dedication of the Peace Arch coincides with the completion of the Pacific Highway, a paved thoroughfare stretching from Vancouver to San Diego, California. The last five miles of pavement was put down early in September, and automobile touring along the new international highway has become one of the most popular of pastimes.

"The Methodist population of the world," says Dr. Carroll, "on the accepted basis of four adherents to each member in the Eastern Section, and of two and a half in the United States and Canada, has reached highly satisfactory figures. It is probably the largest population of any Protestant communion except the Lutheran."

## I Must Marry To Slice \$426,000

Father's Will Keeps Her Out of Share Until May Miller is 25, Say Executors.

New York, Sept. 5.—Miss Mary Miller of 114 West 114th street, who is just 21, must get married if she wants to get more money out of her share in a \$426,000 estate left by her father, Julius Miller, manufacturer, who died March 31, 1918. That was disclosed yesterday when the executors filed an accounting in response to an order obtained in the city's behalf from Surrogate Foley. Miss Miller complained she is greatly in need of funds, and in the last three years has received only \$3,000.

The executors—Louis Adler, Celia Miller Levin and Max Wachman—say Miss Miller got the proceeds of a \$3,000 life insurance policy after her father's death. She is not eligible for further payments, they assert, until she is 25, when she is to receive her entire share as one of the principal beneficiaries, or unless she marries. If she marries before she is 25 the executors are directed to pay her \$7,000 as a wedding present.

The accounting showed the present value of the estate is \$426,264. Several realty transactions put through by the executors gave the estate a \$54,000 profit, it shows.
