KING ST. EAST, - TORONTO.

FOR nearly SIXTY YEARS in the Clothing Business, the reputation of this house for straight dealing, superior quality of materials and general good workmanship has spread throughout this Province until the name is almost a household word.

Young Men's Clothing is a special feature with us; a magnificent stock of "up to date" Clothing to select from, and the Fall of 1894 sees, if possible, a finer stock than ever of SUITS and OVERCOATS upon the tables. *Hats and Furs* we buy as we do everything, direct from the makers. Our profits all through are made quite as much through good buying as in the selling, so that our customers can hardly be said to pay even one profit let alone two.

Gents' Furnishings from the best and most fashionable makers of Great Britain and Canada. Comparison will show that in most goods our prices are *twenty per cent.* below the ordinary prices charged, quality for quality.

If you are a student of Victoria, kindly mention it when visiting us, and we will use you well.
