The Quicker, Better Method of Stable Cleaning

With one of my Toronto Litter Carriers, one man can clean your stable as fast as three in the old way. Do it, too, without the unpleasantness and muss of the wheelbarrow method. Dump the manure into a pile

where you want it or direct into the manure-spreader when desired. The Toronto Litter Carrier has several special features I know will appeal to you. Let me explain the advantages of its chain pull, why it turns on the smallest radius, its unbreakable bucket and others. I have other Toronto Stable Equipment which will make for cleaner and healthier cattle, bigger profits. Ask me about it as well. I have some interesting literature free for the asking.

There are few things more embarrassing than having your grocer drive up while you are paying cash for your goods.

What seems to be a satisfactory marital arrangement is for husband and wife to run the home together. The man to run the lawn mower and the wife to run the rest of the house.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are pleasant and perfect in action, and at all times will be found a healthy medicine, strengthening the infantile stomach and maintaining it in vigorous operation, that besides being an effective vermifuge, they are tonic and health-giving in their effects.

Members of the Canadian Weekly Newspapers Association arrived home from their tour of the Maritime Provinces on Monday. Asked what their impression was of the trip the answer was in nearly every case—the bigness and greatness of Canada.

Many of them had never been in the Maritime Provinces and but few of them in Nova Scotia. What they saw down that way was a revelation in the way of knowledge and it was an inspiration in the way of impression. Many of them would have liked to spend a longer time in the Annapolis Valley; others were enchanted with the historic associations wrapped up in old Halifax. All were impressed with the industrial stir in and around the steel plants at Sydney. But there was newness and beauty everywhere. And the biggest beauty of it all was that it was all a part of their own country—a part of Canada.

The Department of Agriculture demonstration truck illustrating the installation of water systems in rural homes will be at the Glencoe skating rink on Tuesday, July 3rd, from noon until 8 p.m. Farmers who have not already installed a water system in their homes would do well to be present in order to see same in operation and get specific advice on the installation of efficient systems. For the farmers who have installed a water system it will afford an opportunity of clearing up any difficulties they may have.

IF IN DOUBT, DON'T DO IT

The outdoor season is here again, and records show that the first few weeks are productive of by far the highest number of casualties. The man who drives a car should remember that no great damage is going to be done if he allows the car coming in the opposite direction to get across that narrow culvert first. That fool desire to go there first often leads to business for the car wreckers and the undertakers. Better swimmers than you have gone down for the third time. Take it easy. Swimming out a great distance from the shore means that you practically eliminate those who might come to your assistance. If you don't know anything about a canoe be careful. Learn if you want to, but don't make a martyr of a friend in so doing. It is a wise man who knows enough to realize that he is in the old flat-bottomed rowboat class. Play safe. If in doubt, don't do it.

It Will Prevent Ulcerated Throat.—At the first symptoms of sore throat, which presages ulceration and inflammation, take a spoonful of Dr. Thomas' Electric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to quinsy have thus made themselves immune to attack.

Quit Carrying Water

The Provincial Department of Agriculture has provided a Truck equipped with Air Pressure Water System, Hot Water Boiler, Sink Pumps, Bathroom Equipment, etc., to be used in demonstrating the installation of a moderate priced equipment for supplying running water, and the conveniences made possible thereby, to rural homes. The Truck will be at the following places in Middlesex County:

	(Town Hall)	Saturday, June 30—12 noon to 8 p.m.
PARKHILL	(Fair Grounds)	Monday, July 2—
STRATHROY	(Skating Rink)	Tuesday, July 3—
GLENCOE	(Town Hall)	Wednesday, July 4—
DELAWARE	(Hall)	Thursday, July 5—
HARRIETSVILLE	(Market Square)	Friday, July 6—
BIRK LONDON		Saturday, July 7—

A demonstrator will be in charge during the hours indicated, and the public, both men and women, are invited to visit the truck, examine the equipment, and have methods of installation, costs, demonstration of how most of the plumbing can be done with ordinary labour, etc., fully gone into.

GEO. A. PUTNAM, Superintendent of Institutes, Toronto.
HON. MANNING W. DOHERTY, Minister of Agriculture, Toronto.

The Studebaker Light-Six Sedan \$2225

—But You Can't Ride on the Paint!

Imitation diamonds can be made to look so real and sparkle so brightly that it is difficult to tell them from the genuine.

But try to sell one and you will find out its real worth in a flash.

Same with automobiles. Weaknesses of construction in a closed car can be hidden, for a time, with paint and varnish and fancy fittings. But all is not quality that glitters.

You can't ride on the paint. And when you place such a car in the second hand market, you suffer a heavy depreciation, because it lacked real intrinsic value at the outset. Use will never improve a mediocre product.

Motor car owners tell us that the trade-in value of any Studebaker car at the end of three or four or five years of useful life is greater than on any other car built today—the percentage of depreciation is the lowest.

No wonder the Studebaker Light-Six Sedan is the fastest selling quality Sedan in the world!

The name Studebaker stands for quality, durability, comfort and integrity.
