

South Point of *Long Island*. There are several low Rocks and Islands lying off the East Point of the Entrance. In the Harbour, $1\frac{1}{4}$ Mile within the Entrance, on the West Side, lies a small Island; to the Northward of it, between that and the Main, is very good Anchorage in 7 or 8 Fathom Water; or you run farther up, and anchor in 6 or 7 Fathom.

One Mile and a quarter to the Eastward of *Cape Roger Harbour* lies *Non-Nonfuch*; there are several Islands lying in the Mouth of it, and no safe Anchorage till you get within all of them.

Petit Fort is a very good Harbour, having in it from 14 to 7 Fathom Water, good Bottom. The Entrance into it is better than a Quarter of a Mile wide, and lieth NNE. 5 Miles from the South Point of *Long Island*, and N. by W. 2 Miles and a half from the North Point of *Long Island*. There is not the least Danger in sailing into this Harbour; the best Anchorage is on the Starboard Side, the SE. Winds heaving in a great Swell on the West Shore, when they blow hard.

One Mile to the Eastward of *Petit Fort* lies the Entrance into *Paradise Sound*, which runs up NE. by E. 4 Leagues and a half, and is about one Mile broad; in it is very deep Water, and no safe Anchorage till you get near the Head of it. Just within the Entrance, on the East Side, is a Cove (in which are several Rocks above Water), is 10 Fathom Water, but not safe to anchor in, the Bottom being rocky.

From *Corbin head* to *Marticot Island* the Course is N. 48 E. 11 Leagues and a half nearly; this Course will carry you just without the *Saddle-back*. Between *Marticot* and the Main is *Fox Island*; there is a safe Passage for Vessels between these Islands, with not less than 9 Fathom Water, but no Passage between *Fox Island* and the Main. On the Main, within *Marticot Island*, lie the Harbours of *Great* and *Little Paradise*. The Harbour of *Great Paradise* is only fit for Boats. The Harbour of *Little Paradise* lies one Mile to the Northward of the East Point of *Marticot Island*; the only safe Anchorage is in a Cove, at the Head, on the Larboard Side; here they lie moored to the Shore, and are entirely land-locked.

One Mile to the Eastward of *Little Paradise* lieth *La Perche*, in which is no safe Anchorage, the Ground being bad, and lies entirely exposed to the S E. Winds.

ENE. 2 Miles from *Marticot Island* is a Rock above Water, called the *Black Rock*; $\frac{1}{4}$ Mile within this Rock lies a sunken Rock; NNE. half E. 2 Miles from this Rock lies *Presque*; in it is very deep Water, but no safe Passage into it, by Reason of a number of Rocks, both above and under Water, lying before the Entrance.

East 4 Miles from *Presque*, and NE. by E. 6 Leagues from the *Saddle-back*, lies the West Point of *Merasheen Island*. This Island is high, and runs to the NE.
