THE U of BLUE

• EVERYTHING YOU EVER WANTED TO KNOW ABOUT BEER •

Lesson #14 "The nose"

Since beer is primarily a sensory experience, the beer's "nose" is one of it's most important attributes.

The nose is a combination of aroma and bouquet, caused by the beer's ingredients and the process of fermentation.

Simply put, a beer's nose is how it smells. A beer should always smell pure, clean and with an identifiable presence of the appropriate malts and hops, never sour or stale. So at Labatt's, we put a lot of stock in a good nose. Because it's been our experience that where quality and good taste are concerned, the nose usually knows.

Lesson #14 from the College of Beer Knowledge
