Someone we knew we could "Count" on told us that he and his ghoulish friend enjoyed the SUB's Transylvania Weekend. Ed and Lorraine Warren assured us that "what those people seen and experienced, they seen and experienced!" Drs. Florescu and McNally told us about Vlad, Castle Dracula, and the whole myth to literature to movie vampire genre. And, holding the whole event together like an elegant pair of Gothic bookends, Dalhousie's own Dr. Varma gravely warned, "There are such things!!" I, for one, was waiting for him to turn into a bat and fly off the stage at any moment.
