PURPOSE

TO COLLECT and present authentic data as to the actual character of all existing governments, how far this character in Christian lands has been determined by the influence of Christianity; how far it is expressed in and secured by law; and the exact attitude and policy of the native governments in missionary lands.

TO CONSIDER devoutly the present-day political, social and industrial condition of the world, with the distinct and definite purpose of **righting human society with God** in all these relations in life.

TO DEAL with moral problems with which governments necessarily deal—
