Ottawa, March 25, 1935.

Dear Mr. Hubbard:

Your letter of the 17th instant reached me a day or so ago. I quite appreciate the Maritime difficulties and problems and have given much thought to the subject; indeed, the Resolution which I placed on the Order Paper, but which I have not yet had an opportunity of discussing, was drafted with a view to relieving these difficulties in every possible way and I am glad to know that you feel it will be of substantial benefit to the people of the Maritimes.

With kindest personal regards, believe me,

Yours very truly,

W.W. Hubbard, Esq.,

Maybou, Cape Breton,
