Mr. H. V. S. Page,  
Qualicum Beach, B. C.

Dear Mr. Page:

I have your letter of 25th with enclosure and have read same very carefully. Undoubtedly the reply of the Department to your last application is stupidly absurd. I would like indeed to bring the matter up but cannot do so effectively without using your name. Should you feel that you can permit me to do so, let me know.

The fact is that in my judgment at least this Registration is just a farce. It will cost many millions and I do not think will be of any value at all. Besides, it delays other action which is essential.

Yours very truly,

AM/E.

Arthur Meighen.
