Ottawa, October 5, 1906.

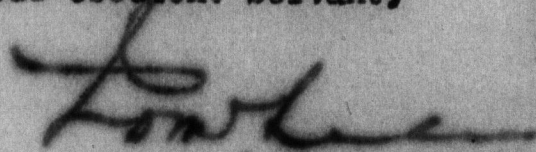

Rev. Sir,—"

I have to acknowledge the receipt of applications for admission for seven children to the Wikwemikong Industrial School, and I have to request that you will arrange with some reliable person to take charge of these children to Wikwemikong.

Last year you informed Mr. Benson that you were anxious to go to Wikwemikong, and if you are willing to take these children up the Department will pay your actual travelling expenses to and from the school and recoup you for the children's fare, half rate, first class.

If you are unable to leave, I am informed that Madam Perronne would be willing to go. Please advise the Department of what arrangements you make. Should you need tickets for transport of the children, wire the Department and they will be sent.

Your obedient Servant,

Secretary.
