

119469-5c.

Ottawa, May 9, 1919.

Rev. Sir,-

Inspector Jackson in a report dated April 29th states, "They were through painting the mainground floor hall and girls' play-room, and enough paint should be furnished so that the balance of the halls and the ground floor rooms could have a coat of paint. The Principal will put the paint on if the department will furnish it."

With reference to this I may say that you may purchase sufficient paint to complete the work noted, the purchases to be made in accordance with the regulations concerning these, the accounts to be forwarded through the Indian Agent for payment.

Your obedient servant,

Asst. Deputy and Secretary.

Rev. W. A. Hendry,  
Principal, Boarding School,  
Portage la Prairie,  
Manitoba.
