

(a) For Changes to Existing Stations:

<u>Station</u>	<u>Location</u>	<u>Request</u>
CFPL	London, Ont.	Power increase <u>from</u> 5 kw. <u>to</u> 10 kw. on present frequency of 1570 kc. with directional antenna.
Reason: It is the Board's policy to limit power increases of privately-owned stations up to 5000 watts only.		
CFPL	London, Ont.	Change in frequency <u>from</u> 1570 kc. with directional antenna <u>to</u> 1010 kc. with directional antenna with present power of 5 kw.
Reason: The 1010 kc. channel is not available at this time.		
CKVL	Verdun, P.Q.	Frequency change <u>from</u> 990 kc. day only operation <u>to</u> 1430 kc. day and night operation. with present 1 kw. power and with directional antenna.
Reason: The nighttime limitation on the proposed channel would be to the 17 mv/m contour which is deemed to be excessive and is not technically desirable.		
CHNC	New Carlisle, P.Q.	Radio link from Bathurst, N.B. to New Carlisle, P.Q. for remote programming purposes.
Reasons: The wire line companies advised the CBC that wire line connections are available for this purpose and the cost thereof is not prohibitive.		

(b) For New Stations:

<u>Applicant</u>	<u>Station Location</u>	<u>Request</u>
Northern Broadcasting & Publishing Ltd. (R. H. Thomson)	Timmins, Ont. and Kirkland Lake, Ont.	250 watt non-commercial station on 1240 kc. 250 watt non-commercial station on 1450 kc.
Reason: There would be multiple ownership as the applicant already owns several station and no acceptable reasons were presented to the Board to indicate that this company should be permitted to construct additional stations. The applicant already owns the existing stations in Timmins and Kirkland Lake.		
Porcupine Broadcasting Co. Ltd.	Schumacher, Ont.	1000 watts on 970 kc. with directional antenna (bilingual)
Reason: The proposed station would serve the same area as CKGB, Timmins, station. The applicant did not show acceptable grounds that a second station could be supported by or was needed in, the community.
