**AGAINST THE YOUNG**

The Macaulay Club debated a  
phase of Dr. Osler's assertion that  
a man should be choliformed after  
he was sixty Saturday evening. The  
subject of debate was "Resolved that  
a man does his best work after he  
is 40." Ex-Ald. Thomas Soullard,  
Fred. Stone, J. W. Piewes and Ed-  
win Bell spoke for the affirmative,  
and J. S. Lane, P. D. Laurie, H. W.  
Anderson and J. W. Young contra.  
It was a case of age against youth  
and age won. Dr. Musson presided  
and gave his decision for the af-  
firmative. He based his decision  
chiefly upon the argument advanced  
by Fred. Stone that a man's life  
up to 40 years was merely the educa-  
tive period and he accomplished great  
things as a result of this education.  
In to-day's papers Dr. Osler uses the  
same argument for the negative. He  
says that the educative period of a  
man's existence is the greatest.

**PEOPLE'S WILL**

Ald. Edmondson fears Council has  
acted unwisely in Amending the  
Market Proposition as Voted on  
by the Citizens.

"It is my opinion that the Council  
made a serious mistake by their ac-  
tion on the new market project,"  
said Ald. Edmondson, the originator  
of the proposal, in an interview with  
The Planet this afternoon. "It  
seems to me that the prerogative of  
the people was turned down by their  
Council representatives, and that was  
my reason for standing out alone  
against the proposal adopted."

"When the matter was undertaken  
by last year's Council it was decid-  
ed to leave the matter to the people  
at the polls. While, as you know, I  
then personally favored the Wilson  
plans, the Rutley plans were adopted  
by a majority of the Council and  
went before the people for endorse-  
ment or rejection. The voice of the  
people was heard and I felt it a  
bounden duty as their representative  
to act according to their mandate.  
It seems to me that there was but  
one plain duty before the incoming  
Council, viz., to carry out the voted  
voice of the people, to advertise for  
tenders and to erect the building  
they had voted for."

"A city hall such as is proposed is  
somewhat of a luxury for a town in  
Chatham's financial position and I  
fear that before any action is taken  
by the Council an expression should  
be secured from the citizens at the  
polls. It seems to me, too, that it is  
a mistake to separate the Police Sta-  
tion by placing it on Wellington St.  
It seems to be making patchwork all  
over."

"I am disappointed," concluded Ald.  
Edmondson, the enterprising market-  
builder, "not on my own account, but  
because I feel that an unjustifiable  
liberty has been taken with the ex-  
pressed will of the people at the  
polls, to which we all should bow."

That Cattle Embargo Again.  
London, Feb. 28.—In the House of  
Commons yesterday Cathcart Watson of  
Orkney asked the representative of the  
Board of Agriculture whether the ex-  
pression of opinion coming from Cana-  
da in favor of the removal of the re-  
strictions upon the importation of Cana-  
dian store cattle is to be taken as the  
opinion of the farmers, or if it is only  
the opinion of the shareholders. In the  
large cattle ranches throughout Amer-  
ica and shipping interests. Mr. Fel-  
lows, in replying, said that Canadian  
feeling and Canadian opinion were still  
favorable. The Board of Agriculture,  
of course, accepted the assurances of  
the Canadian Government, and thought  
they could not associate themselves  
with the shipbuilding interests.

Coming to Canada.  
London, Feb. 28.—Four hundred and  
sixty-five West Ham families have ap-  
plied to The Telegraph fund for emi-  
gration to Canada. It will only be  
possible to send 250. To test the fitness  
of the men for emigration, the appli-  
cants have been sent to Osea Island,  
in the Blackwater Estuary, where they  
have been put to the test of work they  
would have to do in the Dominion. The  
first batch will leave London for Cana-  
da on March 15.

In order to divert the stream of emi-  
gration to Canada rather than to the  
United States, the Hamburg-American  
Line has decided to reduce the steerage  
rate from Hamburg to Halifax from  
100 to 150 marks.

Fred McAllister Sent Up.  
Hamilton, Feb. 28.—Fred McAllister  
was yesterday morning committed for  
trial on the charge of shooting at Roy  
Tablister with intent to kill last Thurs-  
day at the Waldorf Hotel. He was de-  
fended by George S. Kerr, who sought  
to show that the prisoner could not  
have wanted to kill Tablister when he  
did not hit him with a shotgun at a  
distance of 15 feet.

Charles Smith was remanded on the  
charge of drawing a revolver on Matt  
Hayes.

Lives Lost in British Gale.  
London, Feb. 28.—A heavy gale pre-  
valled off the British coast Saturday  
and yesterday, resulting in several cas-  
ualties. A boat put off from Holyhead  
in response to signals of distress, but  
was capsized and five of her crew were  
drowned. A French ketch was wrecked  
off the Lizard and two members of her  
crew were drowned, the others swim-  
ming ashore.

Fifteen Dead in Mine.  
Welch, W. Va., Feb. 28.—Fifteen men  
are known to be dead as the result of  
the explosion in shaft No. 1 of the  
United States Coal and Coke Com-  
pany. The number of dead may be  
greater, but it is known that 15  
to explore the mine because of the  
fire which is still burning.

Blenheim to Be Dry.  
Chatham, Feb. 28.—At their meeting  
in Blenheim on Saturday the License  
Commissioners decided not to renew  
any licenses. This means that Blenheim  
will remain a local option village. The  
petition for licenses was considered in-  
sufficiently signed.

age of 85 years. She was married three  
times, and is survived by her last hus-  
band.
