

A COLLEGE EDUCATION FOR THE BOY

If you are a college man you know that your son should have a college training. If you are not you will probably be more positive on that point and with very good reason. The main consideration however, is not the education itself, but the conditions under which it is acquired.

WOODSTOCK COLLEGE

offers boys a liberal education under conditions which every right-thinking parent is bound to approve of. Your boy has the choice of **Four Courses**: Arts Matriculation, Science Matriculation, Business and Teachers. The **Manual Training** equipment of Woodstock College is admittedly the best in Canada, while **Physical Culture** is amply provided for by large grounds and campus and fine gymnasium.

Write Principal for Calendar and full particulars.

Woodstock College

A. T. MacNEILL, B.A.

Woodstock, Ont.

Thoughtful Parents

will recognize that
a school like
