

BEAR REPEATING

We have offered these snaps before and each time they have pleased so many new as well as old customers who have reordered several times, that we feel justified in again repeating them for the benefit of "Record" readers (and of course incidently our own) and we guarantee any who have never seen this advertisement or who have and passed it, by that a trial order will give satisfaction or money refunded. Could we offer you better terms? Besides, during July and August \$1.00 will purchase \$1.10, \$2.00—\$2.25 and so on, and every purchaser of 50c worth or more at one time will be given a subscription to the "Record."

NO TRASH

Cut post cards, reprints, telegraphs, or revenues in these packets or sets, only good genuine stamps.
