

TRADE MARK
Wilkinson Climax B
REGISTERED
Ensilage and Straw Cutter

Our "B" machine, built especially for the farmer. A combination machine—it will cut and deliver green corn into the highest silo or dry straw or hay into the mow. 12-inch throat, rolls raise 6 inches and set close to knives—solid, compact cutting surface. Can change cut without stopping. Can be reversed instantly. Direct pneumatic delivery. Knife wheel carries fans. No lodging, everything cut, wheel always in balance. Steel fan case.

Made in two styles—mounted or unmounted. We also make larger type machine for custom work. Ask your dealer about this well-known machine and write us for new catalog showing all styles.

THOMAS GRAHAM, R.R. 3, Port Perry, Ont.

Aid for Wounded Soldiers and Their Dependents.

From the beginning of the war every effort has been made to compensate those who have been injured in defending the country. A scale of pensions was adopted and is in force, but money alone will not restore an injured man to his place as an active and useful member of the community. Many returning will be able to resume their former occupations, but there are others whose injuries handicap them seriously in their old occupations or bar them out altogether. An effort is being made to give these men an opportunity to fit themselves for a life of usefulness. By vocational re-education the men can be enabled to fit themselves for their old or some other occupation. The parliamentary committee decided that this education should be paid for by the Dominion Government. The Military Hospitals and Convalescent Homes' commission, with Sir James Loughheed at the head, has taken steps to organize the training required in many parts of the country. The aim is to benefit not only disabled members of the Canadian expeditionary force, but also disabled reservists of the British and allied armies, who were bona fide residents of Canada when the war broke out. The commission is receiving the co-operation of technical schools, agricultural colleges and other public institutions. The training will be free to the men, and the period of training for a new vocation will vary according to conditions.

The scale of maintenance for the men undergoing training and for their dependents, which the commission has been empowered to establish is as follows: It will be understood throughout that maximum age means 16 for a son and 17 for a daughter:

1. A single man, with pension, living in, receives free maintenance; that is, board, lodging and washing.
2. A single man, with pension, living out,—60c. a day.
3. A married man, with pension, living in,—free maintenance and \$8 a month, with the following additions:—

For wife having no children, \$35, less her husband's pension.

For wife and one child, if child is under five, \$38; from five to ten years, \$39.50; from 10 to maximum age, \$42.50; less, in every case, the amount of husband's pension and children's allowances under the pension regulations.

For wife and two children, from \$41 to \$47 a month (less pension and allowances) according to age of children.

For wife and three children,—\$44 to \$50 (less pension and allowances), according to ages.

For wife and four children,—\$47 to \$53 (less pension and allowances), according to ages.

For wife and five children,—\$50 to \$55 (less pension and allowances), according to ages.

For wife and six children,—\$53 to \$55 (less pension and allowances), according to ages.

A wife with seven or more children under the maximum age may be given the maximum allowance of \$55, less pension and allowances.

All these allowances for wife and children will be paid direct to the wife, unless otherwise thought fit by the commission.

4. A married man living at home will receive 60c. a day. (This of course is in addition to the allowances for wife and children.)

5. A widowed mother, if dependent entirely upon the unmarried son who is receiving training, and if the son made an assignment of his pay to his mother and also arranged for her to receive separation allowance while he was on service, may be paid at the same rate as the wife of a married man with no children.

6. The parents of a man undergoing training, if both are old and past work, and entirely or partially dependent upon him, may also be paid at that rate.

7. The guardian of a widower's children (under the maximum age) will be paid monthly:—for one child \$10; for two, \$17.50; for three, \$22; and \$3 for each child in excess of three, with a maximum of \$35.

Payments under these regulations will be continued for one month after the

Stop Wasting Cream!

The farmer who gets only a part of the cream from his milk is not only wasting cream—he is wasting time, energy and money.

THE SUPERIOR SEPARATOR

will take ALL the cream out of the milk and requires far less energy. The extra cream pays the cost of the new separator. A "Superior" Separator of 500 lb. capacity costs only \$52.50—the 600 lb. capacity machines cost only \$65.00. Liberal allowances for old separators in trade.

Investigate the "Superior"—learn about the ball-and-socket spindle, and the self-balancing bowl, the "fresh" oiling system, and the crank clutch—ALL making for the easiest turning and the closest skimming.

The free book of "Superior" facts tells the whole interesting story. Send for it.

THE ONTARIO MACHINE CO., LIMITED

18 BLOOR STREET EAST

TORONTO

Jos. McCrudden, Manager. Farm 1/4 mile from Burlington Jct.

Dual-Purpose Shorthorns

One young bull, Weldwood Red Victor, out of Lena of Northlynd, with an official record of 7,501 lbs. milk and 328 lbs. butter-fat. This bull is sired by College Duke =85912=. Also a few cows and heifers.

WELDWOOD FARM, The Farmer's Advocate, London, Ontario

Robert Miller Still Pays the Freight—And he is offering in Shorthorns some of the best young bulls and heifers that can be produced. Young bulls fit for service, some younger still; heifers ready to breed and younger, and some in calf. They are of the best Scotch families, and some of them from great milking families. They are in good condition and made right, just what you want to make a proper foundation for a good herd, and suitable to improve any herd in the land. They will be priced so that you can afford to buy, if you will tell me what you want. Our business has been established 79 years, and still it grows. There is a reason.

ROBERT MILLER, Stouffville, Ontario

Shorthorns and Shropshires—T. L. MERCER, MARKDALE, ONTARIO—With 125 head to select from, we can supply young cows in calf, heifers from calves up, and young bulls from 9 to 18 months of age, richly bred and well fleshed.
