

**LOOK**

The two upper pictures show absolutely all there is to the light, simple, sanitary Sharples Dairy Tubular Cream Separator bowl. It can easily be washed perfectly clean in three minutes and has twice the skimming force of common bowls. Wears a lifetime. The World's Best.

The lower picture shows a common, disk-filled bowl with 42 disks. Other sorts are about equally bad.

Simplicity is only one of many Tubular advantages. Do you wonder that Tubular sales exceed most, if not all, others combined? That Tubulars probably replace more common separators every year than any one maker of such machines sells? The manufacture of Tubulars is one of Canada's leading industries. America's oldest separator concern.

# "Galt" Shingles

THIS IS THE SHEET METAL AGE.

To have been first shows antiquity—to have become first proves merit. The new "Galt" Shingle owes its enormous popularity and sales—not to the age, but to the brains of its inventors and makers.

Our claims for the "Galt" Shingle are firmly based on the superiority of its constructional features here illustrated.

We originated the Gale-proof, Closed-end side lock. We perfected the continuous interlocking, over-lapping, easy-fitting and invisible top lock.

We use only the Best British Galvanized Steel Plates—there are none better. Our bold Gothic Tile pattern is very handsome in appearance. "Galt" Shingles are accurately made, which insures quick and easy application. Covered nailing flanges at both top and sides insures strength and rigidity.

Pronounced by roofing experts to be the most perfect shingle ever made.

They cost no more than the others.

We have a lot more to tell you about them in Catalog "B-3"—ask for it.
