T. C. BISSELL CO., LIMITED, Elora, Ont.

Please mention "The Farmer's Advocate."

**Concrete Adopted  
as Road Standard**

WAYNE COUNTY, MICHIGAN, WHERE nearly one hundred miles of Concrete Roads have been built in the past six years, during which time nearly every method of road construction has been tested, now comes out flat-footed and adopts concrete as the road standard.

The story is best told in the following paragraph which has been taken from the latest report of the Board of County Road Commissioners of Wayne County, Michigan.

"With the completion of Plymouth Road, we have abandoned every other form of construction and have adopted concrete as our standard. We feel that our experience of the past six years warrants us in arriving at this determination, based on its general satisfactoriness and its annual cost as compared with other forms of construction. In addition to the economy in hauling, the pleasure in driving and touring, and the increase in land valuation, the concrete roads of Wayne County have been the means of bringing tens of thousands of dollars to this locality".

Concrete roads will benefit any locality proportionately as they have benefited Wayne County, Michigan.

The fullest detailed information about concrete roads will be sent to anyone interested, without cost or obligation. Address:

Concrete Roads Department  
Canada Cement Company Limited  
815 Herald Building, Montreal

**Lightning's Heavy Toll**

Forty Insurance Companies in Ontario, reporting over a period of twelve years, show that 66 1/4 per cent. of all rural barn claims settled were due to lightning.

Prof. Day, of the O. A. C., says: "Lightning Rods, properly installed, are almost absolute protection. Out of every \$1000 of loss to unrodded buildings by lightning, \$999 would be saved if those buildings were properly rodded." Send for our Catalogue.
