RULES FOR THE GAME OF CHECKERS (DRAUGHTS).

Would you kindly tell me the rules of the game of checkers in the columns of your paper.

Sask.

E. F.

Ans.—1. The standard board shall be of light and dark squares, not less than fourteen and a half inches, not more than sixteen inches across.

2. The board shall be so placed that the bottom corner square on the left hand shall be black.

3. The black men shall be placed upon the first twelve squares of the board; the white upon the last twelve squares.

4. Each player shall play with the black and white men alternately.

5. The first move shall be made by the player having the black men.

6. At the end of five minutes if the move has not been made "Time" shall be called, and the move made within another minute or the game is lost. When there is only one way of taking one or more pieces, "time" shall be called at the end of one minute, and the move made at the end of another minute or the game is lost.

7. After the first move has been made if either player touch or arrange any piece without giving intimation to his opponent he shall be cautioned for the first offence, but if repeated he forfeits the game.

8. After the pieces are arranged if the person whose turn it is to play touch one, he must either play it, or, if play is impossible, he must forfeit the game.

9. Any play is completed as soon as the hand is withdrawn from the piece played.

10. When taking, if a player remove one of his own pieces he cannot replace it; but his opponent can either play or insist on his replacing it.

11. Either player making a false or improper move shall instantly forfeit the game.

12. The "Huff" is the taking from the board any of the adverse pieces that may be taken. It does not constitute a play.

13. The player may huff, compel the take, or let the piece remain on the board as he thinks proper.

14. When a piece reaches any of the squares on the opposite extreme line of the board it becomes a king and is crowned by the opponent with a piece of the same color and may then be moved backward or forward, but only one square at a time.

15. A draw is when neither player can force a win.

16. Any interference from spectators is forbidden.

17. During a game neither player is permitted to leave the board without the consent of the other.

18. A match between equals, wins and draws to counts, should consist of an even number of games, so that each player may have the first move the same number of times.

STONES ON LINE.

My neighbor hauled and piled rock on quarter line between us. Part of piles are on my land. Has he any right to pile rock on the line?

Sask.

V. G. T.

Ans.—Yes, if he is building a line fence with them he has a right to place the center of the fence on the line, but if he is simply throwing them in a pile he has no right to make a nuisance on your land. If this is the case you can order him to desist or bring suit for damages if the inconvenience is anything considerable. Perhaps a lawyer's letter would be effective.

WORKING COWS.

Would you please let me know in your next issue if a man is allowed to work cows in a plow and wagon? Some people tell me it is against the law of this country.

Alta.

C. C.

Ans.—Cruelty to animals is punishable in Canada, and under some circumstances it would be cruel to work cows, as for instance when their udders were full, but dry or nearly dry cows might be worked, if one wished to get his work done that way.

Here is a sample of thousands of voluntary and unsolicited statements from all over Canada:

Dr. T. A. Slocum, Limited:

Gentlemen,—I feel it my duty to advise you of the remarkable cure effected by your Psychine and Oxomulsion, which have come under my personal observation. Three men, well known to me, Albert Townsend, Hazel Hipson and John McKay, all of Shelburne County, were pronounced by the best medical men to have consumption, and to be incurable and beyond the reach of medical aid. They used Psychine and Oxomulsion and they are now in good health. I feel it a duty I owe to suffering humanity to state these facts for the benefit of other sufferers from this terrible disease.

Yours very truly,

LEANDER MCKENZIE, J.P.,
Green Harbor, N.S.
