

THE STOCK MARKET

SALES FOR THE WEEK SHOW A LARGELY INCREASED TOTAL. LEADING STOCKS FIRM WITH LITTLE CHANGE IN PRICES.

There was no great movement either way in prices on the stock exchange during the past week, but the volume of trading showed a marked increase. The sales were, in fact, nearly double those of the preceding week.

Table with columns for stock names and prices. Includes entries like 'Athabasca', 'C. C. Gold Fields', 'Black Tail', etc.

THURSDAY'S SALES. Rambler-Cariboo, 1000, 1000, 29 3-4; 1000, 90c; Centre Star, 1000, 3500, 41c; etc.

FRIDAY'S SALES. Homestake, 1000, 1000, 13 1-2c; 9000, 13 3-4c; Princess Maud, 5000, 2c; etc.

SATURDAY'S SALES. Black Tail, 500, 81-2c; Homestake, 500, 500, 12 1-2c; 1000, 2000, 13 3-4c; etc.

MONDAY'S SALES. Giant, 2000, 31-2c; Princess Maud, 5000, 21-4c; buyer 60 days; Rambler-Cariboo, 1000, 1000, 30c; etc.

TUESDAY'S SALES. Rambler-Cariboo, 1000, 30 1-4c; 1000, 31c; Homestake, 2000, 1000, 13 3-4c; etc.

WEDNESDAY'S SALES. Homestake, 500, 1000, 13 1-2c; 500, 13 1-4c; 1000, 14c; Winnipeg, 500, 3c; etc.

WORK PROCEEDING VIGOROUSLY IN THE SIMILKAMEEN DISTRICT.

Hedley City, B. C., June 6.—(Special.) Tom Welch and M. Costello are developing the Good Luck fraction adjoining the Two Brothers and the Victoria claim immediately above there is a well defined three-foot vein of arsenical iron that can be traced across the two claims.

The Good Luck fraction adjoins the Two Brothers and runs 800 feet to the creek. The lead is covered by slide rock, and the owners are stripping to locate the same.

At the head of Sixteen-Mile creek is Pearson's camp, and a half mile east is Uniman's camp at the head of Fifteen-Mile creek. In the last named camp men are now working on the Uniman group, owned by Mr. Bullock-Webster.

R. H. Parkinson, P.L.S., and manager for the Hedley City syndicate, has prepared a colored lithograph map of the Oroyos and Similkameen mining divisions of Yale district. It embraces all the country north of the international boundary line between Camp McKinney on the east and Princeton on the west.

Two miles and a half above this place, at an elevation of 4,200 feet above Twenty-Mile creek, Thomas Bradshaw and George H. Collins are working a force of men on the Florence group. The claims are the Florence, Little Pittsburg, Whale and Bullion Beck situated in the immediate vicinity of the Nickel Plate group.

H. J. Duffy owns the Lorena, Canadian Belle, Lion's Paw, Midnight Star and Northern Light in Camp Hedley. The Lorena vein is opened by surface crosscuts and shows the ore to measure fully 10 feet. It is a copper sulphide in a silicious gangue.

George Cahill has sold a half interest in the Steward to James D. Sworn and L. L. Patrick. The claim adjoins the Lorena. The Galena, owned by Peter Scott, is also under bond to L. Patrick.

Fifteen-Mile Creek, Similkameen June 5.—(Special.)—C. A. C. Stewart and W. E. Welby, both ex-troopers in Paget's Horse, are building a residence immediately opposite Bradshaw's hotel on the former's pre-empted land.

Thomas Bradshaw is making a decided change and improvement in his hotel. Now that the wagon road to Princeton is completed, lumber can be had here at \$26 a thousand in the rough, and dressed at \$38.

Fairview, B. C., June 6.—(Special.)—Alexander McAuley, formerly proprietor of the Cariboo hotel at Camp McKinney, has after an absence of over a year returned to Fairview to assume the management of the Hotel Fairview.

Richard Russell, manager of the Fairview Corporation, limited, owning the Steward, has gone to Vernon. The purpose of his visit is to consult with the directors and the solicitor of the corporation regarding the proposed three cent assessment.

On the evening of July 1st, under the auspices of the Grand Forks Athletic Association, there will be a boxing contest between Charlie Goff, of Spokane, and Bob Hodge, the champion of Idaho. The following evening, in the light-weight class, Dal Hawkins, of San Francisco, formerly lightweight champion of the world, will meet Kid Lee, champion of Colorado. Negotiations with the P. R. for the running of special trains are in progress.

PHOENIX'S PROGRESS

Phoenix, June 6.—(Special.)—The contract for Messrs. Graves and Williams' new stone and brick block has been let to Messrs. Smith Bros. of this city. The building will be situated on the corner of Knox Hill avenue and First street.

The contractors who were awarded the contract for the construction of the wagon road to Summit camp from this city have thrown up the contract, and the government will undertake the work almost immediately.

The regular meeting of the city council was held last night. Mayor Rumberger presided and all the aldermen were present. The early closing bylaw was finally passed. The committee appointed to interview the different owners of land outside the city limits and see if they were willing to be taken within the city limits reported that Mr. Graves was willing to have the lands of his company within the corporation which were now outside the limits.

It is understood that the population of Phoenix within the present city limits is 1,200, and when the contemplated extension of the city limits is made the population will be 1,600. In other words, the population now within a quarter-mile of the postoffice is 1,600.

Mr. H. E. Gillis, the British Columbia Inspector for the Canadian Bank of Investment and Savings Company of Toronto, arrived in Phoenix yesterday. After looking the situation over he has decided to open an agency here, and has appointed Messrs. McArthur and Monk local agents and Mr. David Whiteside solicitor.

Tonight a mass meeting of ratepayers will be held in the schoolhouse to decide the burning question of the day in Phoenix, that of a permanent water supply.

Grand Forks, June 12.—(Special.)—The members of the Spokane chamber of commerce have been invited to attend the Dominion Day celebration here on July 1st and 2nd, when the prizes offered in the horse races and athletic and drilling contests will exceed \$3,000.

The official programme for the celebration has been issued. A noteworthy feature will be the horse races at the new Westside half-mile track, which is nearing completion.

The members of the Spokane chamber of commerce have been invited to attend the Dominion Day celebration here on July 1st and 2nd, when the prizes offered in the horse races and athletic and drilling contests will exceed \$3,000.

On the evening of July 1st, under the auspices of the Grand Forks Athletic Association, there will be a boxing contest between Charlie Goff, of Spokane, and Bob Hodge, the champion of Idaho. The following evening, in the light-weight class, Dal Hawkins, of San Francisco, formerly lightweight champion of the world, will meet Kid Lee, champion of Colorado.

Sam Stingley, a pioneer C.P.R. locomotive engineer, returned to the city yesterday after a trip to Anaconda, Mont.

PHOENIX'S DECISION

Phoenix, B.C., June 7.—(Special.)—The public meeting held in the school house last night to decide on the merits of the three water and light propositions before the city council was presided over by Dr. R. E. Boucher, Mr. W. E. Cochrane acted as secretary.

Mr. Warren's proposition was as follows: They would only ask for a ten years exclusive franchise for both water and light, with exemption from taxation of the company's property for ten years.

Mr. Whiteside, solicitor for Messrs. McArthur and Monk, was then called upon and stated that his principals were not willing to give such liberal terms to the city as Mr. Warren's company proposed, and would therefore withdraw their proposition.

At the close of the meeting a vote of those entitled to vote on money loan bylaws was taken, and twenty-five were in favor of the Greenwood proposition and four voted for Mr. Graves.

It is the intention of the company to commence work immediately, and Phoenix will have an up-to-date water and light system within ninety days.

PRESENTING MEDALS

MEN WHO SERVED IN SOUTH AFRICA DECORATED BY THE KING.

A GREAT GATHERING OF CELEBRITIES AT THE HORSE GUARDS.

London, June 12.—London seldom had a finer spectacle than was witnessed on the Horse Guards parade this morning, when King Edward presented medals to three thousand soldiers, participants in the South African campaign.

The Admiralty, Horse Guards and other official buildings fronting the parade were all decorated with flags. The Lord Mayor, Frank Green, attended in state, and the members of the special Moorish embassy, in picturesque costumes, were interested spectators.

The recipients of medals in a long line marched past the King, received the decoration from His Majesty, saluted and passed on. Lord Roberts came first, followed by Lord Milner, while behind them came crowds of generals and lesser officers, whose names have become familiar owing to the war.

Yokohama, June 12.—Count Von Waldsee will go to Nikko Friday and come to Yokohama June 18th, leaving the following day to rejoin the German cruiser Hertha at Kobe.

R. D. Robertson, formerly on the post-office staff, left yesterday for Vancouver.

ORIENTAL INCIDENTS

CHINESE SOCIETIES PREPARING TO GIVE FURTHER TROUBLE. JAPANESE FINANCIAL DIFFICULTIES STILL CAUSE WORRY.

Victoria, June 10.—The Kinshu Maru arrived this morning from the Orient, being the first of the re-organized Nippon Yusen Kaisha line, which has been doubled and now gives a two-weekly instead of a two-monthly service.

The financial crisis is still raging in Japan, though somewhat abated. Various banks and commercial houses have declared themselves bankrupt, among these being the Kwansai Boyeki Kaisha.

The Japanese government proposes to issue exchequer bills to the amount of six million yen on the 7th June.

A captain and officer of the Russian volunteer steamer have been sentenced, by default, to six months' major confinement in Nagasaki, on the charge of taking photographs at that port.

Mail advices from Tsing Kiang Pom state that high authorities have received a despatch from Viceroy Liu Kun Ya to the effect that as stated in a despatch received from a British consul (probably at Hankin) a rebellion has been arranged to raise a rebellion this month along the Yang Tse valley.

Phoenix, May 12.—(Special.)—Tuesday was pay-day in Phoenix camp, and taking all the mines into consideration, both as regards payroll and accounts the amount paid out will total very close to \$60,000.

Phoenix is now blessed with a rotten mail service. Under the new railway time schedule, which went into effect Tuesday, the outgoing mail leaves at 7:30 in the morning and the incoming mail arrives at 11 a. m.

Shipments of ore from Slocan lake for the year 1900 totaled 3,940 tons. Shipments in 1899 totaled 4,830 tons.

Table showing ore shipments from various locations: Hartney, Bosun Landing, Bosun, Silverton, etc.

The St. Eugene mine is now working close to 200 men, and large quantities of ore are coming out daily. The high water in Moyle lake interfered for a short time, with the tailings from the concentrator, but now the mine and concentrator are working to their utmost capacity.

The wonderful copper showings on the St. Mary's river and its tributaries must before long attract general attention to the country. So far as can be learned there are no better showings in the province, but like many other mineral sections, it is kept back for want of transportation facilities.

Charles Cook, assistant superintendent of the Spokane Falls & Northern road, was in the city yesterday.

IN OUTSIDE CAMPS

Greenwood, June 10.—Malcolm McAuley has arrived here from Ollala. He states there is a great dearth of provisions among the prospectors on Keremeos creek and vicinity.

Mr. McAuley is interested in some claims on Cedar creek, which comes into Keremeos creek above Ollala, and he brought a large sample of good looking copper sulphide ore with him to be assayed.

The connection between the Keremeos-Pentiction wagon road, near Mt. Zion, and the Nickel Plate-Pentiction wagon road has already been commenced.

Messrs. McMillan and Forbes are arranging to send a large exhibit of ore from the Apex and Mt. Zion groups, of which they are the owners, to the exhibitions at Glasgow and Buffalo.

George Cahill, who sold the Nickel Plate to the present owners, has just returned from a business trip to Spokane. He hints there are certain negotiations on the tapis for his property, which, if brought to a successful issue, will introduce certain of Canada's most prominent statesmen to the Similkameen.

It was a triumph for the cause against the St. Charles step in the grand being gone on in the months, and in which the financier and his off shore best.

Wytham Williams and Olson own the Copper Cliff, which adjoins the Climax, and the work they are doing demonstrates they have a splendid large body of copper sulphide ore averaging \$12 in copper and gold.

Certain prospectors who own good claims on the steep mountain sides of Keremeos and Twenty Mile creeks have complained to me that when a likely purchaser visits them, and they point from a lower level of the creek to where their claims are situated away up above the likely purchaser sometimes refuses to take the climb; moral to the prospector—do not expect a tired and weary man after a hard climb to look at the bright side of things, but make an easy graded trail to your claim and get your man there feeling good and fresh.
