The Sawell Greenhouses

To the Farmer:

The purchase of a Piano or Victrola is only purchased invariably once in a lifetime. Therefore it behoves the purchaser to get the best and make sure you have the best.

I have had 25 years experience in tuning and repairing musical instruments, therefore feel quite confident I can choose the best instruments on the market.

I shall be pleased to place any instrument in your home beside any other in fair competition and let you yourself be the judge, without you feeling under any obligations absolutely. I can also save the purchaser quite a few dollars on account of my expenses being so low. I will always give you my best personal service and devote the whole of my time to supplying the country people. A postcard or telephone call will oblige.

Yours truly,

Hospital for Sick Children

COLLEGE ST., TORONTO.

Through Support of Public, Ontario
Maintains Greatest Children's Hos-
pital on This Continent.

Dear Mr. Editor:—
Nowadays people look ahead more than they used to. They realize, for instance, that the child of to-day is the citizen of the future. The privilege of this Hospital is to provide a service whereby any Ontario child, who is weakly, may be made strong, or if he is crippled, may be set straight.

Part of this service consists of personal medical and surgical care of the children. Part is in the schooling of doctors and nurses to carry the light of medical science into the remotest corners of the province.

The whole is a contribution to CHILD WELFARE work which must commend the Hospital to the sympathy and support of your readers. You probably saw a Quebec dispatch depicting the great infant mortality in that province. One great factor which gives the Ontario-born child so much better a chance in life is the maintenance of public philanthropy of the leading Hospital for children on this continent. And that child, whether it be palled of cheek or crooked of limbs, is helped over the rough spots of infancy and adolescence by the same Hospital. Here are the average day's figures of 1921 attendance:—

Cut patients	268
Other patients	158
Total	426

During the year the Hospital actually saves the lives of scores upon scores of children. It restores health or straightens limbs for hundreds more. Every contributor to the Hospital funds is a shareholder in an enterprise which wins back health and happiness for thousands of children, and thereby gives joy to thousands of anxious homes.

Remember, however, that every child to whom the Hospital's doors are opened, and none are refused—adds something to the financial burden which the GREAT MOTHPER CHARITY has to carry. But it has never defaulted on its dividends, which are paid not in money, but in service.

The continued service of the Hospital depends on the continued support of the public. A minute of money costs fifty cents, and the clock in the treasurer's office is six months slow. So there are a lot of minutes to catch up.

The Hospital is accomplishing fifty per cent. more work than before the war. Owing to higher prices it requires almost twice the money. May I place that simple but serious fact before your readers in connection with the 46th Christmas appeal of the Hospital for Sick Children for funds to carry on another year of service?

Faithfully yours,
IRVING E. ROBERTSON,
Chairman of Appeal Committee.
