LORILLARD DEAD.

New York, July 8.—Pierre Lorillard died at 2.10 yesterday afternoon. Pierre Lorillard was the eldest son of Peter Lorillard, architect of the fortune which made the family name famous. He inherited much of the business ability of his father, and marked success attended the commercial enterprises which he planned and executed. At the death of his father he received about \$1,000,000 and an interest jointly with his brothers and sisters in the great tobacco house of which his father had been the head. He at once purchased from his brothers a control of the house, and by shrewd management greatly increased his fortune. He built a handsome residence at Fifth avenue and 56th street, and entertained in princely manner. In 1874 he became interested in the

turf. His first great horse was Parole, and with Iroquois, in 1881, he was the first American to win the classic English Derby. He was also an enthusiastic yachtsman, and once raced his Vesta across the Atlantic. He founded and controlled at the time of his death the fashionable resort at Tuxedo. He was nearly 68 years old. He is survived by his wife, son (Pierre Lorillard, Jr.), and daughters, Mrs. William Kent and Mrs. Taft. He was buried at the family vault in the Monticello cemetery.

PAN-AMERICAN, BUFFALO, N. Y. Parties who intend visiting the Pan-American Exposition at Buffalo, can secure private accommodation within ten minutes' walk of the grounds. For particulars and rates address M. H. Terry, formerly of Chatham, 1202 W. 4th Ave., Buffalo, N. Y.

THE CLUB TO TRAVEL

Local Cricket Eleven to Make a Tour Next Month.

They Will Also Spend a Week in Toronto—A Meeting to be Held Soon.

The interest now being manifested in cricket matters since the opening of the season in Chatham is now taking definite form in the shape of a proposed tour to Toronto, besides a week's cricket under the name of a "Canterbury week." It is to be hoped that a rousing meeting of the club and the devotees of cricket will be held to make definite arrangements for entertainment and business connected with the same. The meeting will likely comprise all the active members of the team, besides such lovers of the time-honored game as Messrs. S. J. Wood, A. Howard, W. Hall, R. Mercer, W. S. Ireland, G. B. Douglas, A. F. Falls, S. Perrin, Dr. J. L. Bray, Dr. Fleming, Dr. W. R. Hall, C. E. Atkinson, Dr. Wm. Bennett, W. Pringle, G. P. Schofield, G. S. Heyward, besides such active figures as W. B. Wells, L. L. Nicholls, W. G. Richards, S. S. Kofage, J. W. Kenny, J. Horstead, S. F. Dennis, and Rev. J. W. Aitken, R. Miller, P. Miller, W. H. Tye.

The Chatham club now has the honor of winning every game played this season, and are to be congratulated on the showing made with the Gordon-McKay Co., under the able management of J. W. Woods. It is a matter of regret that Canada possesses so few generously disposed cricketers, such as Mr. Woods, who has graciously consented to return to Chatham to play a game on August 5th, Toronto's Clive holiday, although Chatham owes them two return games, this proposed one making the third.

Mr. Woods is most desirous to see a representative team from the west visit Toronto during August for one week, the special game being "All Toronto" against the "West," with games with each individual team such as Gordon-McKay Co., Toronto Rosedale, Parkdale, etc.

A RALEIGH PIONEER GONE.

John Howard, a pioneer of Raleigh, died at his late residence, Gravel Road, on Thursday, June 27th. He had been in failing health for some time, but was not seriously ill until within two weeks of his death. Mr. Howard came from Ireland with his parents 50 years ago, and settled on a farm near the Lake Shore, afterwards removing to Raleigh 18 years ago. He leaves a widow, one daughter, Minnie, and two sons, John and James. Two brothers, Lawrence, of this city, James of Lake Superior, and two sisters, Mrs. Kelly, of Detroit, and Mrs. Crawford, of Kansas City.

SUCCESSFUL STUDENTS AT TESTS RECENTLY HELD

The Result of the Entrance Show a Phenomenally Large Percentage Have Passed—The Fortunate Ones at the C. C. I. Exams.

The examiners have completed their duties as regards the papers of those who wrote on the Entrance Examination at the Chatham Collegiate Institute, and they now make public the results. One remarkable feature of this examination is the large number that have passed. Out of 141 pupils who tried 123 passed and only 18 failed. The results.

ATROCIOUS TREATMENT OF WOUNDED SOLDIERS

Boers Shoot the Injured British in 'Cold Blood'—The Work of Clearing Out the Boer Guerrillas Making Steady Progress—Boer Privateers.

Brussels, July 6.—The Petit Bleu says that Mr. Kruger has lately refused to entertain proposals to arm privateers, but that the promoters are again urging the former President of the South African Republic to notify the powers that unless they intervene he will issue letters of marque. In the event of Mr. Kruger's continued refusal the promoters propose to act without authorization.

Mr. Kruger has definitely abandoned his American visit on account of travelling fatigues, as well as the clearly expressed attitude of strict neutrality of the United States Government.

WOULD BE CONSIDERED PRIVATEERS. Washington, July 6.—The report from Brussels that former President Kruger is being urged to notify the powers that unless they intervene in the South African contest he will commission privateers is not treated seriously here. It is well understood, as one outcome of the war with Spain, that the United States Government will never again threaten in the most extraordinary emergency, issue letters of marque and the same reasons that impel the Government to the course undoubtedly would operate to prevent the United States Government from recognizing any such warrants issued by any other nation, even were that nation in full standing. In the case of the Spanish war both of the belligerents, by agreement, refrained from issuing commissions to privateers, and it now has been many years since the flag of any respectable nation has flown over such craft. In the case of Mr. Kruger it is extremely doubtful whether he would, if the issue were forced in this way, be recognized as a "de facto" president, authorized to issue commissions to privateers. That point would have to be settled at the outset, and each nation whose commerce was affected or was threatened by the privateer would determine for itself his competency. It is scarcely to be expected that they would decide against their own commercial interests, so that Mr. Kruger's privateers would find it difficult to secure general recognition. The threat to send out privateers without ex-President Kruger's consent is idle. It is pointed out here that such craft would be pirates, pure and simple, and the civilized world would combine to sweep them from the seas if they should begin operations against the commerce of any nation.

BOER ATROCITIES.

London, July 8.—The Daily Mail gives sensational prominence this morning to the mail advices from Viskifontein, which attributes to the Boers inhuman atrocities that the

editor would not allow to be described by cable.

A couple of Boers, says the Daily Mail's correspondent, "who were armed with Martini's, were walking around among the dead and dying. Some they turned over to see if they were dead. If it were otherwise, then one or the other of the Boers shot them as you would shoot an ox. I saw four killed in this way. One youngster pleaded for his life. I heard him say, 'Oh—don't!' and then bang went the rifle. That is what happened."

The Daily Mail protests vigorously against the suppression by the censor of such details.

LORD KITCHENER SATISFIED.

London, July 7.—A British army of two hundred thousand men is still employed in waiting and watching for a force of Boers ranging between 7,000 and 10,000 men.

The last incident officially reported is the burning of a railway station fifty miles from Johannesburg, on the Natal Railway, with a final repulse of the raiders. It was even more insignificant than the wrecking of a train on the Pieterburg line.

The largest Boer force which has been raiding or skirmishing during recent weeks does not exceed four hundred men. The captures of stock and supplies are constantly reported by General Kitchener, and the Boers are surrendering by scores or hundreds every week.

It is evident that the Boer guerrilla warfare becomes month by month less vexatious, and that Gen. Kitchener is gradually wearing down by processes of attrition the Dutch resources for resistance, marvellously efficient as these have proved. The bands of raiders have been reduced in strength, and their capacity for inflicting injury has been impaired. The loss of horses would be an insuperable obstacle to a continuance of guerrilla warfare if the fighting Boer, when reduced to hard straits, were not enabled to conceal his gun and masquerade as a refugee farmer. The difficulty of ending the war has been increased by the readiness with which the Boers without uniform have been transformed into neutrals and British sympathizers at a moment's notice, and also by the systematic arrangement for feeding and protecting the women and children.
