The Day's Success Depends Upon Your Morning Meal

All dietetic and medical experience clearly proves that the morning meal should consist of food that is easily digested and readily absorbed by the system.

Malt Breakfast Food rich in nutriment and favoring digestion stands far above all other breakfast cereals as a health food. Its pre-eminent qualities are the result of the action of the Malt on the starch and gluten of the wheat, rendering these soluble and changing them into the blood to enrich it and build up the nerves, the tissues of the body and the brain. As the success and pleasure of each day depends largely on the food used at breakfast, you should avoid starchy grain foods. Malt Breakfast Food alone can supply the fuel for a hard day's work, in home, office of work-shop. Your grocer sells Malt Break-

fast Food and recommends it." Silk stockings should be washed in tepid water with mild soap. Rinse them in several waters. Shake them well and roll them in a cloth to dry after pulling them into shape.

Sturgeon, 10c lb., dressed. Herring 25c to 50c dozen. Perch, 25c dozen.

OUTSIDE MARKETS. HENRY CLEWS' REPORT. Henry Clews, in his weekly report to

The Planet, says:-The crop situation will also soon begin to enter into calculations. Back of all these considerations general trade continues fairly active and satisfactory. Confidence in the future remains unshaken, though a more cautious feeling pervades all classes of siness men, and operations which could be conducted with safety a year ago would not be attempted now. spirit of caution is just now really the

strongest element in the situation. It would cause no surprise if the market were to display a sagging tendency for a period. Very likely the big holders would protect prices from any sharp breaks, just as they have done for the last nine months; but a slow, moderate reduction of values would probably meet with little opposition. On the reasonable decline good stocks will do to buy for quick turns, opportunities for trading seems

to be fairly good. TORONTO GRAIN MARKET.

TORONTO PRODUCE.

Toronto, March 11-The market is quite steady with a firm demand. All choice grades are easy to sell at good prices, but the low grade and medium dairies, as well as the held creameries are difficult to dispose of. We quote Creamery prints, 22 to 23c.

Creamery solids, 21 to 21 1-2c. Dairy, pound rolls, 16c to 18c. Dairy, large rolls,, choice, 16c to 17 1-2c.

Dairy, tubs,, 14c. Dairy, medium and low, 11c to 12c. Eggs-The market has eased off slightly with larger receipts. Prices are now 14 cents, with a further deceipts continue to increase.

Potatoes-Offerings are not numerous and the market is draggy. Care on track are quoted at 62 to 65c. Potatoes, out of store sell at 75c to 80c. Poultry-Frozen stock is the principal factor in the trade at present there being indeed practically nothing else on the market. The demand is quite light and does not encourage offerings of fresh killed. We quote fresh killed turkeys at from 11c to 12c, and chickens from 70c to 80c. Frozen turkeys are quoted at 9 to 10 cents and chickens at 25c to 50c. Ducks are quoted at 90c to \$1 and

geese at 8c to 9c THE FARMER'S WIFE very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. knows that if her churn is sour it will taint the butter that is made it it. The stomach is a church. In the stomach and digestive and nutritive tracts are performed processes which are exactly akin to the churning of butter. Is it not apparent then that if this stomach churn is "sour" it sours all which is put into it? The evil of a foul stomach is not the bad taste in the mouth and the foul breath caused by it, but the corrup tion of the pure current of the blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour stomach sweet. It does for the stomach what the washing and sun bath do for the churn-absolutely removes every tainting or corrupting element. "Golden Medical Discovery" contains no alcohol, whiskey or oth

er intoxicant and no narcotic. Rage is essentially vulgar and never more vulgar than when it pro-ceeds from mortified pride, disap-pointed ambition and thwarted will-
