PRESENTATION TO MISS MADDOCK.—Miss
H. L. Maddock, who has been a faithful
Sabbath School teacher in the Norfolk
street Methodist church for a long time,
was surprised at the residence of her
mother, Woolwich street, by the girls attending her former S. S. class, who took
full possession of the house with very
little careavance. sending her former S. S. class, who took full possession of the house with very little ceremony and made themselves perfectly at home. After a little while they gathered around their teacher, when Edith Marriott read an address te Miss Maddock expressive of the earnestness she liad displayed in seaching them in spiritual matters, and regretting that they were lo lose her as a teacher and instructor, yet lose her as a teacher and instructor, yet realing for that her lephere of mediuless would still continue in the Sabbath School in teaching the young ladies. Bible Class. Miss Annie Beechie, at the proper time, presented Miss Maddock becomingly thanked her class for the kind words contained in the address and for their beautiful present. A very pleasant time was spent afterwards.

THE COLLEGIATE INSTRUCE.—Yesterday afternoon the members of the Sites and Building Committee the Board of Education were observed, autiously and reverently-like walking around the Collegiate Institute. After considerable pumping it was discovered that the object of their visit was to inspect the grounds, and more specially to take into consideration a recommendation of the Government Inspector, while here in May, in regard to converting part of the basement into a class room, on account of the institution being overcrowded. The basement is underground and a dark place, and it is to be hoped the good sense of the Committee will recommend no such scheme, in face of the lesson they had recently taught them with the basement of the Central School.

The permanent popularity of Burdook THE COLLEGIATE INSTITUTE.

The permanent popularity of Burdook Blood Bitters is due to the high ratio of cures it performs. In nine cases out of ten it is successful.

The Manitoba Grops.

Winnier, July 6.—The Oglivie Milling Co. have favorable advices from the Province regarding the Manitoba crops, but much depends upon the weather of the next three weeks. Up to a few days ago the western country had been suffering from want of rain, but, the recent local showers have wonderfully improved the condition, and prospects on the whole have improved, many sections report crops well forward. The grain being from 22 to 24 inches high in several places. Straw, however is not likely to be heavy, however, which will insure early ripening. The weather was very warm oday.

The Banana Peri.—Mr. Thos. Cleghorn, of this city received a severe sprain on the left arm, on Saturday. He was walking along to his home, when his progress was suddenly and unexpectedly stopped by stepping on a banana peel. There have been several cases reported of parties receiving that falls through the cardlessness of those who love bananas, shrowing he peel on the sidewalks. It would be just as convenient for them to throw them on the street, and prevent injury. The habit of leaving banana skins on the street is no doubt due to thought leavess and if those, who use them, would for a moment take into consideration the serious results which may arise from their carelessness, they would no doubt be more careful.

Congregational Pictic.—The annual Sabbath School picnic in connection with the Congregational church was held yesterday afternoon in Victoria Park. On account of the heavy rain, the scholars were compelled to return to the city, where a very pleasant time was spent in the church grounds.

CHAIMERS CHURCH S. S. PICNIC.—

indebted to him for allowing them the use
of his house, grounds and barns.

The Marker.—For the past week the market has been fairly well attended and prices in cate, hay, butter and wool have taken an upward tendency. PAIRLEY BLOCK PIGNIG.—The annual pionio of S. S. No. 6. Guelph Township, was held in John McGorkindale's grove on July 1st. The day was, as it were, a gem sei in a silver sea, in honor of Canada's natal day. The number of plessers neekers was greater than at any previous pionio. Nearly every family in the section was represented, while many from the surrounding neighborhood swelled the crowd. Judging from the ringing mirth and constant plying of the excellent swings all enjoyed themselves hugely. All were treated to a bounteous repast with tea and lemonade and the children were besides treated to candies, after which various and amusing races, football, croquet, etc., were indulged in. There were no speeches of the ordinary let of July bombastic sort, nevertheless the persuasive tonge was not idle, and doubtless many effective speeches were delivered, but they were, according to the renowned Tam, "sacret, sweet and precious." The day had been looked forward to with great expectations, which were fully realized, for all went home more than pleased with the afternoon's enjoyment.
