OAK HALL,

FRASER'S,

Men's and Boy's Outfitters.

TOWN COUNCIL.

Business Meeting Held Last Evening.

RESERVOIR MATTER.

Council is now in Favor of Settlement Without Arbitrators.

The Town Council met for business last night. Those present were: His Worship Mayor Murray, and Couns. Blackhall, Blair, Joudry, Laughlan, Taylor and Vautour.

Minutes of last meeting read and confirmed.

Clerk read communication from Jackson Miller asking for increase of pay. Referred to Police and License Committee.

Report of Auditors of Board of School Trustees was read.

Clerk also read a communication from A. Lacasse asking for transfer of his pool table license to Robert B. McIntosh, who has purchased that branch of his business. Transfer granted.

Coun. Blackhall, Chairman of the Finance Committee, submitted a report recommending the payment of the following accounts:—

G. N. Telegraph Co. .27

Scottish Union & Nat Ins Co 7.60

" " " 6.25

Bay Chaleur Events 123.23

Report received and adopted.

Coun. Laughlan, of the Electric Light Committee, read report and recommended the payment of the following accounts:—

Geo Comeau .68

I. C. K. Freight 6.05

Report received and adopted.

Account of Messrs Murray and McLatchy for \$174.12 for services rendered referred to Finance Committee who were empowered to employ Mr W. A. Mott to ascertain the town's liability in the matter.

Coun. Taylor, Chairman of the Special Arbitration Committee, submitted report. His committee had seen Robt S. Duncan and had obtained from him the lowest figure at which he would settle the reservoir matter. Three thousand two hundred and fifty dollars is the price now asked by Mr. Duncan.

Coun. Blair said he was in favor of paying Mr. Duncan \$3,250 for the land at reservoir. It would be the cheapest and best way out of the matter. He explained the cost of arbitration.

Coun. Vautour was of the opinion that it would be well for the town to settle at the sum named by Mr. Duncan. He thought the sum was large but the cost of arbitration would be larger.

Coun. Laughlan said that he had recently been to the reservoir

LABOR DAY.

Rain Spoiled Many Pleasure Parties.

THE BALL GAME.

The Bloomer Girls Defeat the Home Team in Good Game.

Those who anticipated a pleasant day's outing on Labor Day were very much disappointed on Monday morning to find a heavy downpour of rain making things very disagreeable. All private excursions were called off, the local riflemen could not hold their match at the range, and the only attraction during the day was the ball game between the Star Bloomer Girls and the home team. The game was advertised to come off "rain or shine" and so it did, although the ground was in a wretched condition and there was a heavy mist falling most of the afternoon. The game considering the weather conditions was a very good one and was won by the Bloomer Girls by a score of 12 to 6. The Girls are certainly good ball players and Miss Maud Neilson's work in the pitcher's box won her much praise.

The local team played good ball notwithstanding the fact that they have not been practising very much this season.

The game was witnessed by a large number, despite the unfavorable weather.

and the more he looked at the matter the more he was convinced that the Council should settle with R. L. Duncan at the figure named. The improvements made by the town had made the property very valuable. The easiest way out of the matter was the best. He was afraid of arbitration.

Coun. Joudry thought \$3,250 was a large amount to pay these people. Some time ago the land could have been bought for \$25. The price then went to \$1,200 and then to \$5,000. The price now asked by Mr. Duncan was \$3,250. He thought that arbitration would not cost that much and was in favor of arbitration, so that the Council would get in fighting shape for other cases of a similar nature.

Coun. Blackhall said that this matter had been forced upon the town by bad legal advice and he would like to see all the Council present before a final settlement was made.

Coun. Joudry asked if it would not be advisable to take a vote of the ratepayers on the matter.

Coun. Blackhall thought that if it would not cost much to take the vote of the ratepayers it would be advisable to do so for then the Council would have the voice of the people in the matter.

Matter of insurance on town buildings was discussed. Coun. Taylor was in favor of increased insurance.

Coun. Laughlan chairman of the Electric light committee said that the roof of the power house over the engines and dynamos was in bad condition and suggested that the metal roofing be taken off, roof boarded in and metal roofing replaced. They had under consideration the raising of the small boiler at the power house, also the placing of an arc lamp on Bay View Avenue and would like to have the voice of council in these matters.

The Mayor suggested that Coun. Laughlan submit improvements in writing.

Council adjourned until Thursday evening 7th inst.

Minard's Liniment for sale everywhere.

BIG GAME SEASON

Preparations for Opening of Season

MOOSE PLENTIFUL

Thought Season will be a Record one. Many Sportsmen

The season for big game shooting opens on Friday, Sept. 15th. Already parties are making preparations to go to the woods, and many have written to guides making dates for September and October.

The open season for all kinds of game is as follows:

Moose, Caribou, Deer, Sept. 15 to Nov. 30

Geese, Brant, Ducks: Sept 1 to Nov. 30

Snipe and Woodchuck, Sept 1 to Nov 30

Partridge, Sept. 1 to Nov. 30

Already a number of local sportsmen are making preparations for their annual hunt for big game, and several parties will probably be on the ground for the opening of the season.

All indications point to a successful season. Hunters say that during the forenoon lately large numbers of moose were seen along the track, while reports from the game scouts say that big game is very plentiful, giving promise of a record season.

BRITAIN AND JAPAN.

The Scope Of the New Alliance Much Broader Than Under Old Treaty

London Sept. 1.—The conclusion of the new Anglo-Japanese treaty of alliance which the associated press announced on Aug. 25 had been signed, has only now become definitely known to the English newspapers, which are keenly interested in it and are anxiously discussing its probable contents.

An important modification binding either power to come to the assistance of the other if attacked by one, instead as in the old treaty, by two powers, causes disquietude in some quarters where it is thought to add enormously to Great Britain's responsibility; but on the whole complete satisfaction is expressed as to the scope of the new treaty, as far as it is at present known.

The daily Telegraph representing the views of the government and well reflected the opinions of a majority of the newspapers in an editorial says:

The Anglo-Japanese treaty will guarantee the terms of the Portsmouth treaty. It will check any insane idea of Russian revanche, will render impossible an anti-Japanese coalition and effectually terminate the scramble for China.

FOR GOVERNORSHIP

Rumor that Premier Will be Next Governor

TWO NEW SENATORS

Governor Snowball said to be one of the Candidates.

The St John Sun publishes the following: In connection with the two vacant senatorships in the province, it is regarded in well informed liberal circles as certain that one of them will go to O. J. LeBlanc, the federal member for Kent. Hon John Costigan has renounced his claims, in view of the fact that he is pretty well provided for by the act which gives to all ex-cabinet ministers who have served five years in office an allowance of \$3,500 per year.

For the other senatorship, the aspirants whose chances are regarded as being the best are Governor Snowball, whose gubernatorial term expires shortly, and Hon. H. A. McKown of St John. Other candidates for the position whose names are freely mentioned are A. Gibson ex-M. P., and D. Gilmor of Montreal and St George.

It is understood that Governor Snowball has the support of premier Tweedie and Attorney General Pugsley, the idea being that in the event of Governor Snowball securing the seat in the red chamber that Hon. Mr. Tweedie will become lieutenant governor and Attorney General is called upon to form a government, it is believed that an appeal will be made to the province.

In the event of Mr. LeBlanc being appointed to the senate, the liberal nomination for Kent would it is believed, go to either James Barnes, M. P. or J. D. Irving.

RESOLUTION OF CONDOLENCE

Whereas we learn with deep sorrow of the death of Mrs Murray beloved mother of our esteemed brothers Henry, Daniel and Richard Murray of Campbellton Division No 1 of A. O. U. W. we it Resolved that we extend to our bereaved brothers our sincere sympathy and pray that she may enjoy that infinite happiness to which we firmly believe her charity and devotion to our Holy Religious entitle her; and be it further Resolved that these resolutions be spread on the records of our meeting, the same inserted in Events and a copy handed our bereaved Brothers.

Ayer's
You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted it. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.
"I suffered terribly from indigestion and this blood. I found no relief until I took Ayer's Sarsaparilla. Four bottles permanently cured me."
— Mrs. F. R. HART, Mr. Elmer, N. Y.
\$1.00 a bottle. ALL DRUGGISTS.
for **Rich Blood**
Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.
