COPP'S MOULDERS STRIKE. They Demand the "Shop Book" as a Precondition. This morning about 40 moulders employed in Copp Bros' foundry went on strike. It is not a case of wages this time. The men claim that a "shop book" giving the prices paid for various work, should have been in their hands on Saturday. All the other stove manufacturers, except the Gurney-Tilden Company, placed the books at the disposal of the men at the time arranged when the strike was settled some weeks ago. There was a call for the book at Gurney's foundry this morning, and after a few of the men quit work it was handed out.

Stove moulders at Copp Bros' foundry also quit work. The reason given was that the weather was "too hot." As the stove moulders have recently organized a union it is likely a demand for higher wages will be made at once.

CHINESE POLL TAX. It is Likely That It Will be Raised a Good Deal Higher. Ottawa, July 3.-Special-Sir Wilfrid Laurier will likely announce this afternoon what the Government intends doing in regard to Chinese immigration. For years past there has been an agitation in British Columbia to increase the poll tax, which is now \$50, so as to make it more difficult for this class of immigrants to find their way into Canada.

Mr. Maxwell has now a bill before the House making the tax \$500, instead of \$50. The debate on the bill was adjourned, and as all the days of work have now been taken by the Government, it is likely that the Premier will announce to-day or at any rate at a very early date, that the Government are prepared to meet the views of the laboring classes on the Pacific Coast.

THE APPEAL DISMISSED. But That May Not be the End of the Case. Toronto, Ont., July 3.-Chief Justice Meredith and Mr. Justice Macdonald this morning heard an action to compel the Hamilton Iron and Steel Company to register on the books of the company 150 shares of stock, which were originally issued to one W. V. Reynolds, but are now held by the Citizens' National Bank of Saratoga Springs. Reynolds was one of the promoters of the concern and secured his stock without making any payment on it. The Bank claims to have lent him \$7,500, taking the stock in security, and Reynolds died without redeeming it. The company refuses to recognize the stock as it was not properly issued. The case was heard before Judge Street at Hamilton, and he held that the company could not be compelled to register the stock under the Canadian statute, although the English law was different.

At Osgoode Hall this morning the appeal was dismissed, as the transfers on the stock had been signed, but never filled in by the bank. The company, however, was granted to make another appeal when the transfers have been properly filled in.
