Frozen Mustaches.

Mustaches are not worn by men exposed to the severity of an Alaskan winter. They wear full beards to protect the throat and face, but keep the upper lip clean shaven. The moisture from the breath congeals so quickly that a mustache becomes imbedded in a solid cake of ice, and the face is frozen in a short time.

An estimate of the damage wrought by the recent floods in the neighborhood of Cardston is now possible and it will run into many thousands of dollars. Two mills lost eight million feet of lumber alone.

Delaware Park Survey

Hamilton's Choicest Residential Location

There are still to the south of Cumberland Avenue three lots for sale at \$7.00 per foot and four lots at \$6.00 per foot. The sidewalks in front of these lots are now being laid. The 13 other lots south of Cumberland Avenue have been sold.

Eight fine lots on the north side of Cumberland Avenue, 100 feet deep, at \$12.00 per foot. These are splendid building lots. A number of lots will be left on both sides of Eastbourne Avenue and on east side of Westmoreland Avenue. A few of these lots, though specially well located are a little lower than the street, and we have a special filling in arrangement as to these. The price is still \$15.00 per foot between Main Street and Delaware Avenue. Between Delaware Avenue and Cumberland Avenue the price is \$12.00 and \$14.00 per foot with the exception of four good lots which are \$10.00 per foot. All these lots will soon double in value.

Look at the surroundings to the east, west, north and south of this survey and you will say it has no equal in the city. You can now nothing in an investment in this property but on the contrary are certain to make a handsome profit. Your own judgment tells you this and you can find no one to dispute it. In most cases you must risk to make but here you have a certainty.

Limes From the Florida Keys. The first shipment of limes from the Keys for this year was received the other day. There were only about two barrels of fruit in the lot, but it brought a good price, selling for \$12 a barrel. The lime crop on the Keys will be good this year, but will be somewhat below the average in quality, owing to the trees not having fully recovered from the effects of the hurricane of 1906 and the dry weather of the past winter. FOREIGN NOTES OF REAL INTEREST.

According to the Echo de Madagascar a French magistrate while presiding recently over a court in that island gave evidence before himself and so secured the conviction of a prisoner. The magistrate had been present at a street fight between two natives, who were arrested and brought to his court; and as there was no other witness to settle the question of aggression he left the bench and swore himself in. He is alleged to have gone solemnly through this dialogue, replying to his own questions: "Your name? So and so. Your profession? Justice of the Peace. Swear to tell the whole truth! I swear it."

After giving his evidence he returned to the bench and passed sentence. The recent municipal elections in Paris were remarkable not only for the can-
