PRESBYTERY OF MIRAMICHI

The Presbytery of Miramichi met in the Hall of St. John's Church, Chatham, on Tuesday. There were present Rev. George Tattale, Moderator, Rev. J. M. McLeod, D. Henderson, J. M. McLean, George Wood, H. J. Fraser, A. D. Archibald, J. R. Miller, George Grant, S. J. McArthur, E. E. Mowatt, R. S. Stavert.

Rev. Dr. Coffin, Rev. J. Valentine and Rev. W. A. Ross were associated with the Presbytery.

Commissions in favor of representative elders were received from the congregations within the bounds and the names added to the roll of the Presbytery and Synod. Rev. J. M. McLean reported that the Home Mission work of the Presbytery was in a healthy condition. Communion was being dispensed in the different fields and encouraging additions everywhere made to the roll. At Doaktown twenty-nine persons were last week received into membership.

The Clerk laid on the table a call from the congregation of Blackville in favor of Rev. E. E. Mowatt of Redbank. It was signed by eighty-three communicants and one hundred and fifty adherents. Stipend guaranteed nine hundred dollars and a manse. Mr. James Bean, elder, was heard in support of the call. Messrs. Forsyth, Parks, Johnston and MacCallum were heard in behalf of the Redbank congregation. They strongly opposed the translation of Mr. Mowatt. The call, on being placed in Mr. Mowatt's hands, was declined by him and the Presbytery acquiesced.

Mr. F. Yorston made a statement with regard to the condition of the work of the Church in Campbellton. They had incurred a heavy loss covered by insurance to the extent of \$9000. Their lands might be valued at about \$4500. They were about to build a new church and a new manse which would mean an expenditure of at least \$29000. He appeared for sympathy and support. Rev. J. M. McLean seconded by Rev. S. J. McArthur moved a fitting resolution commending the interest of the Church at Campbellton to the practised sympathy and support of the congregation. A committee was appointed to visit Campbellton, ascertain all the facts and frame an appeal for the meeting of Synod which is to be held at New Glasgow in October. Rev. Messrs. McArthur and Mowatt were appointed to support the appeal before Synod.

Rev. J. M. McLean reported that the congregation of Bartibogue was about to build a church, but could not agree on a suitable site. Mr. James Russell and T. A. McLean were present and would state the facts more fully. Rev. D. Henderson thought that the good people of Bartibogue would come to an understanding among themselves in a little while. They were all true and loyal sons of the church. He however, moved that a committee consisting of Rev. James Ross, Home Mission Supt. for New Brunswick, Convener Rev. Alex. Rettie, and Rev. J. A. McKay be appointed to visit the field, confer with the congregation, and report their finding to the next meeting of Presbytery. This was seconded by Rev. A. E. Archibald and carried. Rev. Dr. Coffin addressed the Presbytery in the interests of the Foreign Missionary work of the church, which on motion of the Clerk was commended to the continued sympathy and liberality of the congregations within the bounds. Presbytery adjourned to meet at Newcastle on the second Tuesday of December.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

TYPHOID HAS NOW BROKEN OUT

Hospitals Crowded With Patients and Merely Waiting for Attention. NEEDS ATTENTION

For some time the citizens of Campbellton have been dreading an outbreak of typhoid fever, and now the expected has happened.

Last week a few mild cases developed, some of them being among workmen from other towns, who as soon as they felt unwell went to their homes. But this week the outbreak has become general and there are now about forty or fifty severe cases. The Hotel Dieu temporary hospital is crowded and many are housed in the temporary shacks where it is extremely difficult to look after them.

Daily the relief committee have been called upon to supply springs, mattresses and bedding for the afflicted and every effort is being made to care for the unfortunate, but steps should be taken at once to provide some system of nursing. Some steps should also be taken by the Board of Health to enforce more stringent health regulations, and all premises should be visited and owners forced to see that they are kept in a sanitary condition. It is said that there are numerous places about town where no effort is being made to keep them clean and garbage is freely scattered about. If such is the case an inspector should be appointed at once and an example made of the offenders.

The state of affairs is serious and needs a firm hand to carry out necessary regulations.

ST. JOHN MAN HURT AT DALHOUSIE JCT.

Fred Nolan, a passenger on the Maritime express, fell from the rapidly moving train between Eel River and Dalhousie Jct., about 3 o'clock Tuesday morning and sustained a compound fracture of the bone of one leg. He lay by the track until picked up by the noon freight and was brought to Dalhousie where his injuries were dressed by Dr. A. G. Ferguson. Nolan is a native of St. John and was on his way to Campbellton to work.

The principle part of every meal should be good Homemade Bread

made of "Beaver" Flour

There is more health and strength—more energy—more real food value—in good homemade bread, than in any other one article of diet.

Bread is the only food that alone will support life for any length of time. Good Home-made bread—made of "Beaver" Flour is the least expensive food—is the only food you can relish and enjoy three times a day, year in and year out—the only food that agrees with everybody and does everybody good.

The more bread you eat, the less will be your cost of living, and the more you will live healthfully.

The whole problem of economical living is solved when you eat more bread—wholesome, nutritious, delicious bread—made of "Beaver" Flour. Your grocer will supply it.
