A petition to the Legislature is got up, praying that Godeaich shall be no longer an Incorporated Town ! Among other crudities, accommodation of Mestre, Hobeon & Da falsehoods and misrepresentations, it states vies' horses, and the mercantile men, and that the petitioners have been infiabitants of Goderich since the year 1828, that is, twenty-two years, when in truth, it is eighted by some who have scarcely been twenty

In short, every man of even average in ellect, can only regard this attempt of Messrs. Longworth and Watson, as an attempt to keep the Town of Guderich tweety years longer in the mud, without putting one single shilling in their own pockets, by the transaction ! And all this, merely on account of personal disappointnent and mortification. "It's an ill natur ed mouth that bites its ain nose !" Longworth and Watson have taken advantage of the very extraor dinary and unfavorable circumstances of the year 1850, when the want of a proper assessment law exempted a large portion of the Town property from taxation-when the Tavern License money was but partially available, and when an attempt at Free School Education rendered a heavy tax inevitable. We say, this worthy pair of her Majesty's Magistrates have taken advantage of these extraordinary circumstances, to appeal to the prejudices of the ignorant against taxation and the expenses of a Municipal Corporation. But these worthy economists are aware, or, at least, as men of large pretensions, should be sware, that,
