Sunday Concerts.

Editor Evening Telegram.

Dear Sir,—I want to congratulate the Methodist Ministers of this city upon the stand they have taken respecting Sunday concerts.

Since Sunday concerts with an admission fee is under the ban of the law, in both England and Canada, it is a retrograde step to have them introduced into Newfoundland. Not one word have Methodist Ministers said against sacred music as such; their opposition is to using it on Sunday to bring in funds and help pay the conductor's salary.

Why should Sunday be made a convenience of in that way?

I want the Methodist Ministers to know that a large body of the people of this city is behind them, and not alone of the Methodist Church.

Yours truly,

LAYMAN.

George Street A. B. C.

Mr. H. E. Cowan delivered a practical and instructive discourse to the George Street Adult Bible Class yesterday on "Men who have Succeeded." The lecture was fraught with high ideals, and emphasized the necessity of intellectual advancement.

At the close a vote of thanks proposed by Mr. C. J. Laughlin and seconded by Mr. A. Knight was unanimously accorded the speaker.

Mr. Stanley Green sang "One Sweetly Solemn Thought," in a very pleasing manner during the meeting.

Sensation Created.

Thought Inebriate Was Dead.

Quite a sensation was created on Saturday night. The police picked up a foreign seaman who was in such an advanced state of intoxication that even the police thought the nebriate was dead, as he was motionless and apparently lifeless. A report quickly spread that death had occurred. The victim was placed in a vehicle and driven to the morgue followed by an immense crowd. On being examined by a doctor the seaman was found to be breathing and very much alive. He was then transferred to the lock up where he spent the night in No. 2.

Vessel Long Overdue.

Grave fears are now entertained for the schooner Grand Falls, which is over seventy days out from Margate town to Oporto, with a cargo of fish. Owing to the recent storms that swept the Atlantic the opinion is expressed that the vessel has foundered but it is earnestly hoped that the crew have been picked up. The Grand Falls was of semi-knockabout construction and perhaps the fastest sailing vessel engaged in the foreign fish trade.

Cable News.

Special to the Evening Telegram.

LONDON, To-day. Suffragettes to-day chanted prayers in Westminster Abbey, York Minster and Brighton Parish Church for their imprisoned colleagues.

MEXICO CITY, To-day.

The Moncton Italian International Railroad between Ciudad, Portfirie, Diaz and Monterey, was taken by rebels who burned the railroad shops, 300 cars and sacked the town of San Diego.

CALONE, To-day.

One man was burned to death and another seriously wounded when bank raiders, believed to be Mexicans, attacked a general store at Teate and escaped over the border on the American side.

ST. PETERSBURG, To-day.

The hurricane which swept the Province of Kuban, Southern Russia, on Saturday, was violent, all telegraph lines were badly damaged, making communication impossible. Messrs. despatches received to-day, reported 1,000 lives lost as a result of the tidal wave from the Sea of Azov, but no reliable details of the disaster came through.

TIFLIS, Russia, To-day.

An unusual phenomenon occurred here and in adjacent towns to-day, the sky was covered in the early morning with dark yellow clouds and fog. Later there was a heavy snowfall mixed with dust which covered the ground with a thick layer of mud. The phenomenon is attributed to storms in the Baku District, where the wind raised such a tremendous cloud of dust that railway traffic was stopped by the accumulations it heaped at various stations.

BUDAPEST, To-day.

Count Serge Witte, former Premier of Russia, in an interview published here to-day is quoted as saying: "Only the first act of the Balkan affair has been played. It is now the 'intermission' which may last for years or perhaps only for months. The relations between Austria and Roumania constitute one of the points of danger while the relations between the triple alliance Germany, Italy, Austria and Triple Entente Russia are in no wise clear."

BIRMINGHAM, To-day.

Worshippers in the Cathedral to-day found the walls and floors of the edifice covered with suffragette proclamations printed in white letters a foot high, reading "Votes for Women." "The Clergy must rise in our behalf and stop the torturing of women in prison." Every foot of space except the altar had signs painted on it, including the seats. It is believed women concealed themselves in the Cathedral last night. It is thought it was done for the benefit of the judges of the Assizes who attended the services. The Assizes open here to-day.

Ice-men's Benefit.

To-night will be Ice-men's benefit night at the Prince's Rink. There is to be an exciting Hockey Match after which there will be general skating. As the season is getting late and you cannot expect to get much more skating this year you should bring her here to-night and let her enjoy with you a good skate on the excellent ice. Remember that by your presence you will benefit the ice-men and at the same time spend an enjoyable evening.
