me in the night that it was my duty to The hay was accepted with the greatest gratitude, and the Czar, who was informed of the incident, sent the poor peasant

RELICS OF ISABELLA

Art Work of Late Royal Spaniard To Be Put Up at Auction.

Paris, May 14. - Many of the effects of the late Queen Isabella of Spain, stayed his original time, and the young who died recently in Paris, will be offered for sale. Among them is a painting that has a romantic history, revealing some of the good traits of this most reckless Queen. Before her exile, when as Dowager Queen she was causing all manner of political and social troubles in royal circles, she received a visit from the painter Antonio Gisbert, who had been ruined financially by some political upheaval in Spain. Isabella lent him to develop the negatives that night. At \$160,000, taking no security. Gisbert afterward achieved fame as a painter
