THE SICK AT WOLSELEY BARRACKS RECEIVE THE BEST OF ATTENTION

Vast Improvements Made in the most important ideas necessary for the successful carrying out of his work Hospital-Staff Also Largely Increased.

Some material improvements lately made in a couple of departments at examination is held at the end of the Wolseley Barracks have added greatly fifth week to ascertain progress. Physito their appearance and to the comfort | cal training is carried out during oneof those who use them. The interior of Ammunition, in the proportion of 40 the company hospital, situated in the rounds ball, 10 rounds blank, and 200 northwest corner of the building has rounds gallery cartridges, to be exundergone marked changes for the pended in target practice, are allowed better under the supervision of Lieut .-Col. C. W. Belton, P. M. O. The large target practice are delivered every Satward on the ground floor has been divided into two compartments. The westerly of these two rooms is still dates for certificates in the following used as 2 ward capable of accommoclasses: Officers, 1st class—ability to dating at least six patients. The easterly apartment has become the sur- mand a brigade; 2nd class-Ability to gery, office and dispensing room (formerly situated in the basement), mak-mand a battalion; 3rd class—Ability to gery, office and dispensing room (foring the headquarters thus much instruct in part 1 and to command a handler of access and more comfort-company. Non-commissioned officers, able. A handsome new dispensing case in order to capture a first-class cerof most approved design has been placed in this room. The drugs are placed in a series of glass-cased shelves with sliding doors. The large ward upstairs remains as before. It is in the second class for officers. For a very bright and airy room. Last second class qualifying for rank of week it contained nine patients, an unsergeant, ability to instruct in parts 1 usually large number, which is ac- and 2, while the third class, qualifying

in the field. Altogether the course is a distinct improvement on those of form-er years, the practical part of the work playing a most prominent part in the Balance to profit and drill laid down each day. The eleventh week of the course is occupied entirely by a revision of the work done, and the twelfth to examinations. A test

for each candidate in the course. Lec-tures on care of arms and miniature

urday puring the course.
Qualifications are required by candiinstruct in parts 1, 2 and 3, and to comcounted for by the arrival of the short for the rank of corporal, requires abil-course men at the Barracks. These ity to instruct in part 1, squad drill,
