Canada's Train de-Luxe

The "International Limited" is the appropriate name by which one of the swell trains of the Grand Trunk Railway system is known. In addition to the many Canadians who travel by this flyer its passengers include men and women of international reputation, for the reason that it merits its world-wide reputation as the train-de-luxe of Canada. When we recall that the Grand Trunk is Canada's double track railway between Montreal, Toronto, Hamilton, Niagara Falls and other principal cities, and that its roadbed is the best in the Dominion it is certainly a matter of congratulation. This great system is the longest double track in the world under one management. The "International Limited" leaves Montreal every morning at 9 o'clock, and runs over the splendid double track system from Montreal to Chicago, its stops being limited to the chief points along the route. It is the finest and fastest train in the Dominion, where it is known as the "Railway Greyhound of Canada."

Those who travel should not miss the opportunity of riding on this train when they are going west. Through sleeping cars, cafe and library cars are part of the equipment of this magnificent train.

G. T. R. Dining Car Service.

The general passenger department of the Grand Trunk Railway system are in receipt of a letter from a Chicago gentleman who traveled over the Grand Trunk recently, and who speaks in eulogistic terms of the service he found on the train, especially the dining car service. He says: "It was after about a hundred and twenty people had been served that I could secure a table for myself and a friend in the dining car. Our supper was as good as one as I have ever had on a railway. Our table was so situated that I could make close observation of the general service, and we were surprised at what we saw. Dishes like sliced tomatoes, ice cream and other delicacies which so much depend upon the way in which they are served, were certainly never put on a table in a more dainty manner. The service was prompt, and everyone connected with it pleasant and agreeable, and I wish to congratulate you on the satisfactory way in which you take care of your patrons."
