### FEEL CROSS AND ARE EASILY WORRIED AND IRRITATED. CHANCES ARE THAT THE LIVER IS NOT RIGHT AND YOU NEED

### DR. CHASE'S KIDNEY-LIVER PILLS

Life is too short to be cross and grouchy. You not only make yourself miserable, but also those about you.

Don't blame others. Blame yourself for not keeping the liver right. When healthy and active the liver filters the poisonous bile from the blood and passes it into the intestines, where it aids the process of digestion and keeps the bowels regular.

But when the liver balks the whole system becomes clogged with a mass of fermenting food, which gives rise to gas on the stomach, belching of wind, pains about the heart, and a multitude of annoying symptoms which accompany indigestion and constipation.

There is nothing in the world which will more promptly afford you relief than Dr. Chase's Kidney and Liver Pills. This statement is true. A trial will convince you. This medicine acts definitely and directly on the liver and bowels, and cleanses the whole digestive and excretory system.

Mr. Theo. Bedford, Lax, aux Sables, Portneuf County, Que., writes: "I have found Dr. Chase's Kidney and Liver Pills the best treatment obtainable for indigestion and impure blood. They cured me of indigestion, from which I suffered for four years."

"This certificate is given without solicitation, so that others may not waste their money buying medicines of no value when they can get Dr. Chase's Kidney and Liver Pills, which I am convinced are the best."

## LADY JOHN RUSSELL

(Continued From Page Thirteen.)

portfolio. Then there is his extraordinary behavior during the blunders of the Crimean administration, for which he has been taken to task in Lord Morley's Life of Gladstone. Russell strongly disapproved of some of the mistakes of his party, but he still held on to office, and in doing so saddled himself with responsibility for them. In the evil hour, when it was evident that Mr. Roebuck's motion for a committee of inquiry was likely to be carried against the Government, Lord Russell found it expedient to disclaim this responsibility, and promptly resigned. Towards the end of his life Russell admitted that he had made many blunders, but they had all sprung from zeal for his country; this book helps us better to credit him with his commendableness in all his actions, but it does not go any further towards justifying his mistakes.

Italy's Debt to Lady Russell.

The part which England played in helping Italy to regain her independence was largely due to Lord John Russell. The praise which belongs to him for his line of conduct in those times is great and lasting, but not a little of it must be shared with Lady Russell. At a critical moment in the affairs of Italy, Lacaita, Cavour's agent, was sent to call on Lord John Russell and try to influence him for Italy. We quote: "Lacaita, though ill in bed, got up and went to deliver his message. He was told that Lord John was closeted with the French and Neapolitan ambassadors and could not see him. Lacaita guessed that Lord John was at that very moment talking over the means of preventing Garibaldi's expedition, and he immediately decided to ask for Lady John. When informed that she was seriously ill, he insisted

upon being taken up into her bedroom, and adjured her for the love of Italy to get Lord John away from the ambassadors at once. A scribbled note begging her husband to come to her immediately brought him upstairs in some alarm. And there he learned from Lacaita that Victor Emmanuel's letter of July 25 was a blind, that united Italy must be made now or never, and that he would never be forgiven if England stopped Garibaldi."
