Chapel.**

[Canadian Press.]
EDINBURGH, July 13.—A militant suffragette bomb exploded today in the historic Roslin Chapel, seven miles from Edinburgh, but caused only trifling damage. The chapel was founded in 1446 by Wm. St. Clair, third Earl of Orkney and Lord of Roslyn, and is probably the finest specimen of Gothic architecture in Scotland. In the vaults were buried all the old barons of Roslyn in complete armor.

HAMILTON, July 13.—McClinton Irvine, 15 years old, residing at 56 East avenue north, accidentally shot himself in the temple tonight while playing with a revolver which he thought was unloaded, and died at the hospital tonight. He was playing at soldier with some companions, and was carrying the pistol over his shoulder when it was discharged.

DROWNED WHILE DIVING IN HAMILTON BAY

Harry Parsons, Aged 28, Drowned With Companion Near.
[Canadian Press.]
HAMILTON, July 13.—Harry Pearson, 178 Napier street, aged 28, was drowned in the bay this afternoon. He, with Fred Cook, 43 Elgin street, took a boat and went to Willow Point on the north shore of the bay, where they went in bathing. Cook says that Pearson dived from the boat and that he dived immediately after. When he came up there was no sign of Pearson. He searched for some time, but could not find any trace of him. The police were notified, but up till a late hour tonight had found no trace of the body.

USED MILLIONS LIKE STAGE MONEY IN CREATING GREAT MONOPOLY OF TRANSPORTATION IN FIVE STATES

Ninety Million Dollars.**

CRIMINAL INDICTMENTS MAY BE BROUGHT AGAINST OFFICIALS

**Accounts Manipulated, the Government Influenced and
Officials Bought Are Charges Made by Interstate
Commerce Commission in Stinging Report.**

[Canadian Press.]
WASHINGTON, July 13.—The story of the "reckless and profligate" financial operations of the New Haven Railroad, one of the most remarkable chapters in the history of American railroad and American finance, was revealed in part today by the Interstate Commerce Commission, in a report to the Senate of its investigation of that road.

It told of millions, used like stage money, of corporations as pawns in a monster game with all New England's transportation as a prize, which led the New Haven in ten years just passed from the height of prosperity to the point where a dividend has been passed, and where a dissolution suit is threatening, and where criminal indictments of many of the directors, who figured in its deals, are at least a possibility.

Hampered by unwilling witnesses, by burned books, and by all the mazes, which lawyers invented to cover the trail, the commission estimated that in the progress toward a monopolization of New England's transportation, the New Haven stockholders have lost between \$65,000,000 and \$90,000,000, but little of which they may recover. In return, the report said, they have on their hands properties, which pay no dividends, which eat into the earnings of the parent road, and which will be a burden on its capacity for many years to come.

The report deals with the management of the New Haven, former President Charles S. Mellen, and of the present directing head, Chairman Howard E. Elliot, and Walker D. Hines, special counsel, says "they have co-operated with the commission and rendered it substantial assistance throughout this investigation."

CONTROLS FIVE STATES.
The combination reared by the hands of Mr. Mellen and approved by the late J. Pierpont Morgan and Wm. Rockefeller, the commission finds to be clearly in violation of the Sherman Anti-trust Act, and a monopoly in practical control of the transportation of five states.

The commission's report is unusual in the manner in which the directors of the New Haven are scored for their deeds. It speaks of criminal mal-administration and negligence, asserts with positiveness that the directors knew they were perfecting an illegal combination, and says that the dream of a transportation monopoly was unsound and mischievous.

FACTOR IN "INVISIBLE GOVERNMENT."
The New Haven, the commission says, employed dummy directors, manipulated accounts, used questionable methods in increasing its own stock, paid the dividends of subsidiaries to make a showing, and used many other devices to deceive the stockholders and the public. It dipped into politics, was a factor in "invisible government," made large campaign contributions to the two dominant political parties, bought officials, and tried to distort public opinion. All this it did, the commission says, "to carry out a scheme of private transportation monopoly imperial in its scope."

"If these directors, who were faithless to their stewardship, were held responsible in the courts and at the bar of public opinion for their failure to do these things, they should have done, the lesson to directors who do not direct would be very salutary," says the report.

ACCEPTED RESPONSIBILITY LIGHTLY.
"Most of the directors of the New Haven accepted their responsibility lightly. They failed to realize that their connection with the corporation led the public to invest. When these directors were negligent and serious losses resulted therefrom they were guilty of a grave dereliction of duty, and a breach of trust that was morally wrong and criminal in its fruits."

"Directors should be individually liable to civil and criminal laws for the manner in which they discharge their trust. A corporation can be no better or worse than those who operate it. It should be just as grave a crime to plunder stockholders of railroads or corporations as personally to rob an individual."

Significant Incidents.
All the commission's strictures were upon the management of the New Haven system under former President Mellen. The report cites these "significant incidents."

"Marked features and significant incidents in the loose, extravagant and improvident administration of the finances of the New Haven as shown in this investigation are the Boston & Maine despoliment; the in-

equal payment of unitized vouchers without any clear specification of details; the confusing inter-relations of the principal company and its subsidiaries, and consequent complication of accounts. The practicing of financial legends in issuing large blocks of New Haven stocks for notes of the New England Navigation Company, and putting these securities back and forth; fictitious sales of New Haven stock to friendly parties with the design of boosting the stock and misleading the public at the higher 'market price'; the unlawful diversion of corporate funds to political organizations; the scattering of retained attorneys of five states, who rendered no itemized bills for services and who conducted no litigation for the railroad; extensive use of paid lobby in the matters as well as the directors claim to have no information; the attempt to control the press by subsidizing reporters; payment of money and the profligate issue of free passes to legislators and their friends; the investment of

Manitoba Liberals Look Forward To Another Election

**Claim Government Has Only Three of Majority
With Another Seat Probably Theirs and
Administration Can't Hold Out.**

[Canadian Press.]
WINNIPEG, July 13.—The result of the election in St. George is still undecided, both candidates still claiming the seat. E. L. Taylor, the Conservative candidate, claims he has a majority of 88, while the Liberal, S. Sigfusson, is equally certain that he has been elected by ten votes. St. Clements, another doubtful seat, is now conceded by the Conservatives as a Liberal seat, though there are four polls still to come. At present the Liberal majority in this seat stands at 137.

The standing, therefore, is: Government, 24; Opposition, 21; with one doubtful. The Government forces claim St. George, make it 25 to 20, with one independent, F. J. Dixon. Mr. Dixon, it is stated by the Conservatives, is just as likely to vote with the Government as the Liberals. Mr. Dixon himself is at Gimli on a brief holiday, and could not be reached.

The Tribune, Independent Liberal, this afternoon, declares the Liberals are preparing for another campaign, being convinced another election cannot long be deferred. The Government, however, declares it has a working majority, and fully expects to increase its majority by winning the three northern seats.

Laborers Start Rushing Work of Repairing Mexican Railway to Vera Cruz.
[Canadian Press.]
VERA CRUZ, July 13.—Four hundred laborers, acting under orders from Mexico City, start work today, repairing the gap in the Mexican Railway connecting Vera Cruz with the capital, and the rushing of the work is believed here to indicate a possibility that the first train to pass over the repaired road may be a special conveying Gen. Huerta and his family to the coast.

Quantities of rails and ties have been hauled to the break, a little over six miles from Vera Cruz, and the two miles which has been without rails for so long will be restored to working order within two days at the most.

Passengers who arrived from the capital reported on a extraordinary session of the Senate there on Saturday, but said no announcement had been made as to the matters discussed behind locked doors. They said, however, the session was followed by a conference between several senators and Francisco Carbajal, the new minister of foreign affairs.

TODAY'S HEALTHOGRAM

If you are not sure about the drinking water in a strange place, use this method of safeguarding yourself: Take a level teaspoonful of chloride of lime and rub it up until there are no lumps in a teacup of water. Dilute this with three cupfuls of water and keep this stock solution in a stoppered bottle for use. A teaspoonful of this added to a two-gallon pail of water and well stirred up will destroy all typhoid or other dysentery producing bacilli in ten minutes and will make the water safe to drink.

**Court's Order in Case of
Vassil Delmege, Charged
With Misappropriating \$100,000.**

[Canadian Press.]
MONTREAL, July 13.—The Merchants' Bank has twenty days within which to furnish lawyers for Vassil Delmege, the clerk who is alleged to have misappropriated over \$100,000, against whom there are actions in both the civil and criminal courts, with details as to the dates upon which the thefts are alleged to have been made, and the nature of the property which, in the civil action, Delmege is alleged to have secreted and made away with.

Judgment to this effect was given this morning by Mr. Justice Panneton, of the practice court, who made the reservation, however, that the bank had the right to establish their inability to furnish the particulars in question if they had such inability.
