

VICTORIA MOTHERS' CLUB HAS CONCERT

Splendid Christmas Program Features December Meeting at School.

A charming program was presented at the Christmas concert given by the Victoria Mothers' Club Tuesday evening. Chorus by the boys' choir of St. James' Anglican Church were greatly enjoyed, with Leonard Woods as soloist. In the absence of Mr. Willoughby, director of the choir, Bert Wood presided at the piano. Other delightful numbers were: A group of songs by Carmen Learn, and readings by Miss Doris Chapman. Miss Guitton, one of the exchange teachers from England, gave an interesting talk on "Education and Christmas in England." She spoke chiefly of her experience in the poorer schools in England, contrasting the advantages of the Canadian school children over those in the old country.

A business meeting was held before the program was given, and the club decided to donate \$5 to the Byron Preventorium and \$5 to the Children's Shelter for Christmas cheer.

TENDERS

Tenders will be received by the Board of Education, London, up to 4 p.m., Wednesday, for the erection of a frame building on Pottersburg school grounds.

Plans and specifications may be seen at the architect's office Board of Education.

Lost! Between Winnipeg and London, a Perfectly Good Blustery Blizzard

"Lost, between twelve midnight and twelve noon, one perfectly good blizzard, thought to lie somewhere between London and Winnipeg. Finder please notify citizens of London."

Having for almost 24 hours patiently awaited the arrival of a blizzard, supposedly sweeping eastward from Winnipeg, Londoners were disappointed this morning to find that their patience had been unrewarded, and that weather conditions remained steadily cold, with a north wind, but not the slightest sign of a blizzard.

Late homegoers last night saw little drifts of snow gaily scurrying before the wind down streets and sidewalks. The wind was raw and biting, and they nodded sagely, and said:

"It's coming! We are going to have a blizzard. We always get the Winnipeg weather." But the fears of those who dread a blizzard, and the anticipations of those who love its mad snow flurry were both groundless.

During the night, the frost decked the windows, the temperature continued low, and the scattered snow still hurried, a bit, but no blizzard arrived.

Without the blizzard, however, weather conditions are this year decidedly colder than at the same time last year.

During the night of the 15th a year ago, the temperature was 30 degrees, with an inch of snowfall, while during last night it dropped to 7 degrees above zero.

Warnings are still out for the blizzard, but so far, the local weather bureau has obtained no trace of it.

EASTERN STAR CHAPTER HONORS RETIRING MATRON

Forest City Executive Makes Presentation to Mrs. Thomas Couzens at Party.

A happy affair of Tuesday evening was the farewell party given by the retiring matron of Forest City Chapter, O. E. S., Mrs. Thomas Couzens, at her home in Richmond street, in honor of her officers.

A delightful feature was the presentation of a silver basket to Mrs. Couzens by the executive, Mrs. Mary E. Young, the treasurer, made the presentation, giving a short address, in which she expressed the appreciation of the officers for the past year.

"The past year was a banner year financially for the chapter," said Mrs. Young, "and we hope you will be spared to enjoy the Forest City Chapter for many years to come."

Short addresses were also made by the various officers.

Supper was served, with Mrs. Couzens and her daughter, Mrs. Stewart, as joint hostesses. The table was decorated with the colors of the chapter, blue, yellow, red, green and white, and was centered with a large

Eastern Star, and a silver candleabra with candles, in chapter colors.

The place cards also bore the colors. The officers, who were seated in order of rank at the table, included the matron, Mrs. Thomas Couzens; patron, Mr. Alfred Johnson; secretary, Mrs. Jessie Weames; treasurer, Mrs. Mary E. Young; assistant matron, Mrs. Linnell; chaplain, Mrs. Percy Ashton; marshal, Mrs. A. Will-

son; conductress, Mrs. Arthur Bor-

son; and assistant conductress, Mrs. Stewart.

The election of officers for the ensuing year will take place Thursday evening in the chapter rooms.

FISCAL AGENTS A. E. Osler & Co., Toronto, Ont.
BANKERS Canadian Bank of Commerce, Toronto, Ont.
TRANSFER AGENTS Trusts & Guarantees Co., Limited, Toronto, Ont.

The following information is summarized from a letter of J. R. Dodworth, Chairman of the Board of Directors, and from a report of Mr. A. R. Globe, the Company's Engineer.

PROPERTIES—The Company owns and controls under Crown Lease and under working option and under optional agreements of purchase, 1,241 acres in Townships of Cody and Macklem, being approximately in one block in an easterly-westerly direction in length about three miles on a peninsula of Night Hawk Lake in the Porcupine district, being about ten miles south by water from Connaught Station on the T. & N. O. Railway, and about six miles by Winter road from Hoyle Station.

OPERATING FACILITIES—Transportation presents no difficulty whatever. Labor is efficient and abundant. Hydro-Electric Power is available, the present Steam Plant being operated by wood cut in the vicinity, will be replaced in the Spring by Electric Power. The new Plant installed November 1st, has a capacity of 15 Drills, replacing the 3-Drill Compressor, and with the new hoist will carry development to the 1,000-ft. level. Mill foundations are completed ready for erection of Mill in the Spring.

DEVELOPMENT AND ORE RESERVES—Exploration by shafts, pits, diamond drilling, trenching and outcrops has demonstrated a continuous ore fissure for a distance of 10,000 ft., the ore bodies and conditions at both ends and the middle being similar. Intensive development to date has been restricted to the western end of the fissure, where over \$1,500,000 of ore of an average grade, top, bottom and sides, of \$12.00 per ton, has been

definitely blocked out, in an area of less than a quarter of an acre, or per block of the length of the main fissure and to a depth of 300 ft. The history of Porcupine today shows that ore has been developed to a depth of 2,600 ft. in a similar formation. It will, therefore, readily be seen that along this vein of 10,000 ft. to a depth of 2,600 ft., only one part in 231 has been developed. With eight faces of ore, development is placing in sight in excess of \$500,000 additional ore reserves per month, or at the rate of \$5,000,000 per year, and, as new levels are opened up, this rate of increase will be accelerated.

MANAGEMENT—The management of the Night Hawk Peninsular Mines, Limited, is in the hands of Mr. A. R. Globe, who was for several years Assistant General Manager of Hollinger Consolidated Mines, Limited, and who has surrounded himself with a staff of young Engineers trained and experienced for the past ten years mostly in the Northern Ontario Mines.

FINANCIAL—With the proceeds of this Issue, the Company will have approximately \$600,000 cash in its Treasury, as well as 400,000 unissued shares. This fund is ample for the present development program, which includes the erection of an up-to-date mill, and carrying on intensive development until such time as the mill is in operation.

Before acting as Fiscal Agents of the Company and recommending to our clients the purchase of this Stock, we had a report on the property made for us by Mr. J. B. Tyrrell, M.E., F.R.G.S., who confirmed the report of the Company's engineer.
