

**GUTHRIE ACCUSED
OF FALSE CHARGES**

"Deliberate Falsehood," Ottawa Replies To Claim U. S. Printed Government Work.

Special to The Advertiser by a Staff Correspondent.
Ottawa, Oct. 28.—A "deliberate falsehood" is the characterization given here to the statement made in

Guelph last night by Hon. Hugh Guthrie to the effect that "every particle of immigration and other campaign literature issued by Premier King during the present campaign has been printed in the United States."
Mr. Guthrie must have been well aware of the truth of the matter when he gave utterance to the fabrication. The only government literature printed in the United States is a pamphlet entitled "Canada West," and it is for circulation in the United States. It was published in the United States by the Borden and Meighen governments for reasons of economy.
All Liberal campaign literature has been published in Ottawa.

**Ancient City Found In Ocean
By Vessel On Wrong Course**

Buildings Discovered On Floor of Caspian Sea When Soviet Mercantile Captain Takes Soundings Near Sandy Bank After Accidentally Altering Direction.

Associated Press Despatch.
Moscow, Oct. 28.—The discovery of an ancient submerged city near Shikof, a sandy bank on the Caspian Sea, was made today by Alexis Atayeff, a captain in the Soviet mercantile fleet. Atayeff's ship, bound from

Perela to Baku, accidentally changed her usual course, and while soundings were being made he noticed buildings on the sea floor. Atayeff asserts that under the bright sunshine he was enabled to distinguish streets and buildings of

ancient Asiatic architecture. A further investigation revealed a well-preserved roadway leading to the Baku fortress.
Archaeologists are of the opinion that the discovery reveals the lost city of Kharadashger, which is believed to have been submerged centuries ago by an earthquake, which altered the whole coastline.

ONE DEAD, 3 MISSING.
Special to The Advertiser.
Atlanta, Ga., Oct. 28.—One man was fatally burned, and three other men and a woman are missing and believed dead in a \$400,000 fire which wrecked the Edgewood avenue plant of the Coca Cola Bottling Co. here, early today.

**WEMBLEY FACES
HEAVY LIABILITY**

Canada Free From Any Deficit in Connection With Exhibition.

Associated Press Despatch.
London, Oct. 28.—While the guarantors of the British Empire exhibition at Wembley are expected to have to find 75 per cent of their

guarantee, that is 15s. for every £1 guaranteed, no liability will attach to Canada in the matter of any deficit in connection with the big show. Canada simply provided her own part of the exhibition and paid for it practically out of hand; at least she has involved herself in no further liability than that connected with the Canadian pavilion at Wembley.
The guarantors are those who originally made the exhibition possible by guaranteeing various sums, chief among them being the British government, which guaranteed a total of £1,100,000. The Duke of Devonshire, former governor-general of Canada, and others guaranteed smaller amounts than the

government. While the liability resulting from the exhibition at Wembley is obviously heavy, the financial situation might easily have been worse than it is. The loss the first year of the exhibition was £1,800,000, but the loss this year will be considerably less than this.
The exhibition closes this Saturday.
