## THE TORONTO WORLD: TUESDAY MORNING, FEBRUARY 21, 1888.

THE TORONTO WORLD

We think not.

W. F. MACLEAN, Pub

World has the largest cir-

making a deliverance upon the same. And this, we hope, will prove true. Practically only one side of the "wheat blockade" contro-versy has been presented to the public of To-ronto, and there is much need that the other side be fairly heard before our B and of Trade pronounces an opinion. In this case the com-plaining side has been by far the most violent and vociferous all through, and we know that

dian road into Mani-Neves that the solu-Neves that the solu-trinto that province. It the G. T. R. will months, and that will will will will will that we to the freight traffic of the Caudian Values States will boundary. In other words, is is saked that a part of the freight traffic of the Caudian North to a neighbor of the Caudian Values States will be to the freight traffic of the Caudian North to the freight traffic of the Caudian North to a the ground that Caudian railways, on the ground that Caudian railways are trable to carry it all. To us it appears that crop of last year was a pursent American connections it will get alice province at a somparatively It will not be long either before rail communication between Du-the formation the connection of the Grandian railways a scheme for a road from Port Manitobs boundary through On-the we believe that the Grand on getting into Manitoba and the d what is more to the point, we how the Canadian Government we believe that the Grand on getting into Manitoba and the still less do we see how any hud afford to oppose it. The neb of a Canadian Government still less do we see how any hud afford to oppose it. The neb of a Canadian road as fts of Ontario are really anxious sting Mr. Mowat to aid the the the form Port Arthur to the the the form Port Arthur to the the active for the Northwest. Ty Nerthers Outants build afford to the Northwest. Ty Nerthers Outants history of the Northwest. Dur city should wake up to attack, that cenly there has not yeb been to find out for those most closely concerned with this for those than compare the a nths, and that ons it will get

thern Ontarie. y should wake up to ities that lie before way communication e northern portion of especially the large and the head waters to the greatly increase of ontario a little over thirty years ago, when both the Grand Trunk and the Great Western were enterprises as young in their operation as the Canadian Pacific is now. It might moderate impatience the instally the large around the head waters arge trade yearly increas-at entirely controlled by ion of the Nipissing would give this pro-old and enable them

io and Quebec. At Lake Tem

can interests. The Canadian Northwest is informer, which is presenting to complete for the large trade that is will not experiment of the making of an immense back country in the ording of all give rough is not alone for the transportation of an of the transportation of the transportat settlements are already located the east side of the lake, mostly Canadians, while the townships west side in Ontario are just commenc-e settled. All down the Ottawa River itered settlements of hardy pioneers. Being move connected with North Bay Northern and Northern Pacific Junction came off at the Humber on Saturday. Peorla blackbirds were used as targets, 15 birds each from two traps. The scores follow ; scattered settlements of hardy ploneers. Force being now connected with North Bay the Northern and Northern Pacific Junction liways, why should not the road be pushed ther north into this rich section of country i by the Northers and Northers Pacific Junction in Early Northers and Northers Pacific Junction in the set of this size. Anyhow, the Sailland Pacific armer..... icLaren ..... piller..... allam.....

lian Northwest has in

making of an immense back country;
