ANSWERS TO CORRESPONDENTS

W. P. D., Owen Sound.—If your horse's record is entirely a pacing one you can enter him in a slower class race entirely for trotters, if he is converted from pacing to trotting.

A BELIEVER IN THE ADVOCATE.—Banquet's time for a mile and a quarter is 2:03; Salvator's time is 2:05. Banquet's record was made with 108 lb. up on a straightaway. Salvator's record was made with 122 lb. up on a circular course. There is no way of comparing English and American time, as in the Old Country they do not make a specialty of the time.

T. T. P., E. L.—The best team time for a mile is 2:13, made by Belle Hamlin and Justin and by Justin and Globe.

READER, OTTAWA.—You have a right to shuffle if you want to. Every player has the right, the dealer coming last.

PETER, WOODSTOCK.—H. M. Johnson holds the record for 100 yards running—91 sec. John Owen, jr., of Detroit, is credited with running the distance in exactly the same time, but it is W. T. Macpherson, a New Zealander. No Englishman ever did better than 10 sec. (2) Yes, Hutchens ran 300 yds. in 30 sec. flat ten years ago. (3) Geo. R. Gray holds the record for putting the 16 lb. shot at 47 ft.

CONDUCTOR, SADBURY.—An engine and two coaches made the distance between Amherstburg and St. Thomas, 111 miles, over the Canada Southern or Michigan Central, in 1 hr. 38 min., on May 5, 1894. Do not know of any English or United States time equalling that. Guess Canada holds the record and you win your bet. A mile has been covered on the New York Central in 32 sec., or at the rate of 112 miles an hour. The train consisted of an engine and four cars.

ALL ROUND SPORT.

A professional football league has been formed in New York.

Dr. Smell, of Lima, O., was in Toronto last week. He brought with him a well-bred trotting filly for Harry Webb, the big restaurant-keeper.

At the Philadelphia Tattersalls, February 21st, twenty-four Indianapolis and high-class Canadian stock were sold for an aggregate sum of \$86,345, being an average of \$264.37 each.

The Philadelphia cricket team, for whom matches had been arranged in England during the coming season, have abandoned the idea of going because three of their best players cannot get away.

In a billiard match between C. Mennett, an Australian billiard player, and John Roberts, jr., the spot stroke being barred, the Englishman broke the record by scoring 867 in one run.

Budd Doble, a pacer with a record of 2:13, that was got by at the St. Louis and that paced at the Montreal and Ottawa winter meetings, has been bought by Mr. R. R. Arbore, of Montreal.

After battling for the trophy for twenty-one years without success, the Glasgow Rangers have at last won the Scottish Football Cup. In the final match they defeated Glasgow Celtic by three goals to one.

Eddie James, the famous trotting-horse driver and trainer, of Toronto, has purchased the black horse Sir Harry Wilkes, dam Jimmie, by Sir Charles from A. J. McCarty, Ingersoll, Ont. He has an ice record of 2:26.

Mascot (2:04) weighs 1,000 lb., and has been jugged brofected at the Buffalo covered track for the last three months. His hoofs looked as clear as polished bone, and certainly are perfect, if that is possible.—*American Sportsman*.

The great Canadian trotting stallion, Fides Stanton (2:15), that swept every trophy before him early last season and then broke down just when his racing purses of the summer and fall came on, is again in good shape, and will be on hand when the bell rings.

The Canadian Breeder, hitherto published monthly at Montreal, will be issued weekly commencing March 29th. Mr. Joseph White, its editor, has been appointed superintendent of trotting in Canada, the appointment being made by the National Trotting Association.

With a membership of 803 track, located in 33 different States and Territories, the American Trotting Association had in its treasury Jan. 1, 1894, \$187,867.97. The National Trotting Association has a membership of 588, and the balance on hand on Nov. 1, 1893, was \$33,708.70.

A letter has been received by the secretary of the St. Lawrence Yacht Club, of Montreal, from the Minister of the Interior, stating that an Order-in-Council has been passed recommending the Lord in Admiralty to make the Club a Royal Yacht Club, with the right of flying the blue ensign.

"Colts should be haltered when they are a week old, as it tends to tame them at an early age. If they are fed sugar occasionally and patted they will become perfectly docile. Where one is handling a large number of colts it is better to wear several at a time, as they then do not become so lonely." So says the Chicago Horseman.

Harry Hutchens, the fastest sprinter that ever wore a running shoe, has retired from the path, so far as matinee and handiaps are concerned, as all admirers are arranging a big pedestrian carnival for his benefit at the London Athletic Club Grounds about the end of this month. At this meeting Hutchens will attempt to beat a record of 19 yards and the record for 250 yards.

The Chicago Horseman invites manufacturing jewellers to submit designs for the massive elevated sterling silver cup or bowl, value \$1,000, which will be presented to the breeder of the horse winning the Horseman's \$12,500 guaranteed stake. The ultimate amount to be trotted in this summer by the four-year-olds eligible to this great colt race will approximate \$20,000, and the breeders' trophy will be in every way a suitable adjunct to so great a stake.

A dispatch from Valley View, Ky., gives the following account of what is supposed to be an attempted suicide by a horse at that place:—"A queer horse, or what might be called animal derangement, is reported from Perkins Trestle, one of the fine horse farms here, belonging to Bob Adams broke out of a stable, climbed a steep embankment to a railroad track, and walking out to the middle of the trestle, deliberately jumped to Rocky Creek, fifty feet below. All the injury the animal sustained was a dislocated shoulder."

At the time Ormonde was winning one of the great classic races solemnly serious was progressing in Winchester Cathedral, and the Dean sat enthroned, when a telegram was handed to him. He opened it and his eyes were turned to the perplexity. It ran thus: "Ormonde has won." Who was Ormonde, and what he won? Vainly Canons and such like minor lights were consulted. It was decided that the telegram had been sent to Mr. Dean, a trainer at Winchester, but as it was addressed "Dean, Winchester," it was handed to the Dean.

"Goodwin's Official Turf Guide," just to hand, shows that the number of men run on the flat in 1893 was 12,301, and with 91 that is a record, and a most astonishing total of 12,301. This is a

increase of 189 more amount of money put at \$5,000, distributed in

Pack, Chicago money run.
