

# Wm. Radam's Microbe Killer

It Cures Disease by Removing the True Cause from the System.

## ALL DISEASES ARE CAUSED BY MICROBES

Which are living germs in the blood; and these Microbes cause Inflammation, Fermentation and Decay. In vain have the best Scientists heretofore sought for an agent to destroy these Microbes in the blood without killing the patient. This medicine has been known but a few years, yet **Thousands of Persons will Testify to its Wonderful Powers.**

We invite the closest inspection. Pamphlets and books with full information as to the value of the Medicine containing testimonials from people living in all parts of Canada who have been benefitted by its use, may be had on application. Read the Testimonials by ladies and gentlemen well known in Victoria, whose voluntary recommendations are of more value to the reader than anything that can be said by the agents.

### TESTIMONIALS:

VANCOUVER, B.C., Dec. 28, 1898.

MISSRS. JOHNS BROS. Dear Sirs.—Enclosed please find a P.O. order for \$3.00 for which please send me one-gallon jug of Radam's Microbe Killer by express. I am leaving Vancouver in a few days and am anxious to secure another jug, in addition to that I got at your store when in Victoria. It certainly is a wonderful remedy and I find I cannot do without it. It is invaluable to me for preventing colds and strengthening the vocal chords, thus keeping my voice in perfect condition for singing. Yours respectfully, NONA YEAGER, of Clara Mathes Co.

51 KING'S ROAD, VICTORIA, B.C., Oct. 15, 1898.

I was a sufferer from Indigestion for several years and nothing gave me any relief. A friend recommended me to try Radam's Microbe Killer, which I did, getting immediate relief. I find also that its curative powers for burns, scalds, cuts, etc., are truly wonderful, in fact I consider no home complete without a bottle of Microbe Killer.—A. ALLNUT.

VICTORIA, B.C., Oct. 19th, 1898.

MISSRS. JOHNS BROS. Dear Sirs.—I have used Wm. Radam's Microbe Killer for Inflammatory Rheumatism and have been entirely cured, so that I have not felt any return of the pains for nearly two years. My family all use it as a family medicine with the best of results and I would recommend it as one of the best medicines known.—SAM'L CARTO.

VICTORIA, B.C., Oct. 15th, 1898.

MISSRS. JOHNS BROS. Dear Sirs.—I will gladly tell what I know of Microbe Killer. To tell all I know about it would take up too much space, but briefly—as an all-round remedy to have in a family to use in case of accidents such as cuts, bruises or burns, and for colds, indigestion, malaria or scrofula, it has no equal. In catarrhal trouble a little of it diluted in warm water and the head doused will relieve immediately and effect a cure eventually. I have seen it used in numerous other ways with the best of results. With a kindly interest for the suffering, I remain, very respectfully MRS. A. E. EWART, 388 Pandora Ave.

Prices \$1.00 per bottle, \$3.00 per gallon jug.
