Scientific and Useful.

REMOVE flower-spot stains from window-sills by rubbing with fine wood ashes and rinse with clean water.

GRAINED woods should be washed with cold tea, and then, after being wiped dry, rubbed with linseed oil.

NOTHING LIKE IT.—"I was nearly used up with a heavy cold, from which I got no relief until I tried Hagyard's Pectorial Balsam. I found it a sure cure. There is nothing like it," says Edward Cousins, Ranson, Ont.

SALLY LUNNS.—Rub three ounces of butter into a pound of flour; then add three eggs, beat very light, a little salt, one gill of yeast, and as much milk as will make it into a soft dough. Put it in a buttered pan, cover it, and set it in a warm place to rise. Bake in a "Turk's head" in a moderate oven and send to table hot.

A LABOUR-SAVING EXPEDIENT.—When a room is to have a new paper, the old one ought to be removed first. A boiler of hot water set in the room, and the doors closed for a while, will cause the paper to loosen, so that it may be taken off without difficulty. The wood-work may then be cleaned easily, while the dirt is softened by the steam.

REV. A. WEBSTER, editor of the *Christian Era*, writes: "I have used Davis' Pain-Killer for many years in my family with much satisfaction."

WASHING LACE.—Make a lather of good white soap; have it just lukewarm; lay the lace in over night. In the morning squeeze out and put in fresh water, a little soapy. Rinse and blue slightly, pin on a cloth and hang out. When dry, dip in sweet milk, squeeze out and lay on the cloth, pick out and pull in shape, lay cloth and all between the leaves of a large book, like a geography, and put a weight on it until dry.

COCOANUT PIE.—One pound of grated cocoanut, one-half pound butter, one-half pound powdered sugar, one glass of brandy, two teaspoonfuls lemon-juice, four eggs (white and yolks separated), two teaspoonfuls vanilla. Rub the butter and sugar together; beat light with the brandy and lemon-juice; stir in the beaten yolks, lastly, the cocoanut and the whites alternately. Bake in open shells. Eat cold with powdered sugar sifted over it.

A WONDERFUL SHOT.

The man who put ten bullets in succession inside the circumference of a Milwaukee girl's finger ring, at fifteen paces, was a pretty good shot, but he wasn't half so wise as the billious man who put ten of "Dr. Pierce's Pleasant Purgative Pellets" into his system in five days, and on the sixth walked ten miles "just because he felt so well." If your blood is out of order, if you feel low spirited and "blue" you will find these Little Liver Pills just what you need.

LEMON MARMALADE.—To make lemon marmalade slice the lemons very thin, only taking out the seeds: add three pints of cold water to each pound of fruit, after being cut in pieces; let it stand twenty-four hours; boil it until tender; pour into an earthen bowl until the following day; weigh it, and to every pound of boiled fruit add one and a half pounds of lump sugar; boil the whole together until the syrup jellies and the chips are rather transparent.

HOW TO MAKE MONEY.

No matter in what part you are located, you should write to Hallet & Co., Portland, Maine, and receive, free, information about work you can do and live at home, at a profit of from \$5 to \$25 and upwards daily. Some have made over \$50 in a day. All is new. Capital not needed; Hallet & Co. will start you. Either sex; all ages. Those who commence at once will make sure of snug little fortunes. Write and see for yourselves.

CHOCOLATE CREAMS.—Stir into the white of an egg confectioner's sugar until of a sufficient consistency to roll into balls, and mould into the shape of chocolate-cream drops. Dissolve in a bowl or tin some chocolate by placing it on the top of a tea-kettle, or by placing it in another dish filled with boiling water, so that it will not burn, and when the cream drops are ready dip them in the chocolate, place on a buttered dish and set away to cool. It is less trouble to make the cream into a bar and pour the chocolate over it, and gives the same effect to the palate as rolling up the balls.

"MYSTERIOUS PEOPLE."

Celestial Children of the pig-tailed race! Scorned by us Easterns, who are yet obliged to face and bow before thy ingression! What do we owe thee? Nothing more or less than thy anti-Christian idea that gave to Caxton his Printing Press, who multiplied the Bible, that superstition killed and gave freedom to ourselves—and now to-day on Yonge Street loads with Books our groaning shelves. We owe this debt as well thy Hindoo brother for those fragrant, pungent leaves, that give light, health and pleasure to all who use the Li-Quor Teas. All grades from 50c. to 80c. a pound. A handsome volume, your own choice, from our catalogue, with every 3 pounds. GEO. MANN & Co., Sole Wholesale Agents, 295 Yonge St., Toronto.

CONSUMPTION,

which is Scrofulous Disease of the Lungs, is promptly and certainly arrested and cured by this God-given remedy, if taken before the last stages of the disease are reached. From its wonderful power over this terribly fatal disease, when first offering this now celebrated remedy to the public Dr. PIERCE thought seriously of calling it his "Consumption Cure," but abandoned that name as too limited for a medicine which, from its wonderful combination of tonic, strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for consumption of the lungs, but for all
