

"Even if emigrants were to settle in Canada in large numbers, their presence might prove *sooie'idal* to the highest interest; of her free *institootions*."

One of the debaters evidently *fostered* the belief "that the *son erus* tones of a previous sentimental speaker were *jest a little* surpassed " by his own.

Let Ixion stay revolving on his wheel :
 Let Tantalus reach after grapes in vain;
 Let wickedness all kinds of torture feel,
 But now let meanness feel deserved pain.
 Of all the punishments designed for men,
 The following is the latest up to date :
 And though it be resorted to again,
 'Twas first agreed upon by '98.
 Let any man who marks so near first class
 Be tied to a large comet as his fate
 And may the comet swiftly Wolfville pass,
 And not return till 1898.
 On diabolic orbit see him spin,
 His college gown a sight too dread for words:
 And thus atoning for his direful sin,
 He'll never more give 74 $\frac{2}{3}$.
