The absolute safety of Listerine, its well defined antiseptic power, and the readiness with which it lends itself to combination with other indicated remedies, are properties which have led many physicians to adopt Listerine as the antiseptic foundation of their prescriptions for Summer Complaint.

A 32-page pamphlet on this subject, containing many valuable suggestions for treatment, may be had upon application.

Summer Complaints of Infants and Children

Lambert Pharmacal Co.,
St. Louis

The great value of Scott's Emulsion lies in the fact that its effect is progressive. The uniformly good results following its use in the case of rickets, anæmia and all child weakness have made the treatment of such cases a comparatively simple matter. As good in summer as in winter.

SCOTT & BOWNE, Chemists, Toronto, Ont.
