

Reliable Druggists

Nobody realizes the need for careful prescription methods as much as the doctors. We are quite sure if you inspect the prescription departments of our stores you'll find that we are doing all that is possible to give the best service. It is our intention to keep our equipment up to the latest advances in medicine or pharmacy. We endeavor to get all the new preparations as soon as they are on the market, if there is anything pertaining to our business that we do not stock we will be pleased to order it for you.
