

TRICKED BY DYSPEPSIA

The Doctor Couldn't Tell Where the Trouble Lay

FOR the past seven years I have been a victim of dyspepsia and chronic constipation and have consulted the most noted specialists to be found on diseases of this character. None, however, seemed to locate the difficulty or give relief. In addition to this medical treatment, I have resorted to the use of many remedies and have given them faithful trial, but all to no purpose.

Upon the recommendation of a close friend, I purchased a 50c. package of Stuart's Dyspepsia Tablets and in less than five days noticed that I was receiving more benefit than from any remedy I had used before. I continued to use the tablets after each meal for one month, and by that time my stomach was in a healthy condition, capable of digesting anything which my increasing appetite demanded.

I have not experienced any return of my former trouble, though three months have elapsed since taking your remedy."

We wish that you could see with your own eyes the countless other bona-fide signed letters from grateful men and women all over the land who had suffered years of agony with dyspepsia, tried every known remedy and consulted eminent specialists without result, until they gave Stuart's Dyspepsia Tablets a trial. Like the doctor above, they couldn't locate the seat of the trouble.

Dyspepsia is a disease which has long baffled physicians. So difficult of location is the disease that cure seems next to miraculous. There is only one way to treat dyspepsia—to supply the elements which nature has ordained to perform this function and to cause them to enter the digestive organs, supplying the fluids which they lack. Stuart's Dyspepsia Tablets alone fill these requirements, as is shown by the fact that 40,000 physicians in the United States and Canada unite in recommending them to their patients for stomach disorders.

We do not claim or expect Stuart's Dyspepsia Tablets to cure anything but disordered conditions of the stomach and other digestive organs, but this they never fail to do. They work upon the inner lining of the stomach and intestines, stimulate the gastric glands and aid in the secretion of juices necessary to digestion.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box. One box will frequently effect a perfect cure. If in doubt and wish more adequate proof send us your name and address and we will gladly mail you a sample package free. F. A. Stuart Co., 61 Stuart Bldg., Marshall, Mich.
