EDOUARD ROULLARD, sen., grocer, Pierreville, Que., recently assigned in trust. He was formerly a waggon-maker, and after saving some money was induced to embark in business three or four years ago, for the benefit of his two sons, neither of whom had any experience. It is simply the old story of the shoemaker and his last.

The estate of Mr. Arthur Lefavre, grocer, this city, who assigned in trust last month, has been sold out, the store stock bringing 70c on the dollar, rolling stock 60c, and book-debts 40c. The creditors will probably realize about 25c on the dollar. There was a deficiency of \$1,000, on liabilities of \$4,000.—The grocery estate of G. Lefavre & Co., also of this city, has been sold by tender.

We take this opportunity of thanking our customers, buyers and consignors for their patronage since we opened here in April of last year. We will hold the Trade Sales regularly throughout the year, both here and in Toronto. We will be glad to receive Commissions from Trustees for Sales en bloc. Having a thorough knowledge of the trade, we will be able to do justice to anything put in our hands. We are prepared to receive consignments and make advances in cash, when required, on goods to be sold either here or in Toronto. We render account sales, and make settlements in cash within ten days from date of sale.

The boiler-feeder known as the "Patent Exhaust Injector" has been creating considerable interest for some time among steam-users, from the fact that it economizes the exhaust steam—an obvious advantage. The licensee of the patent for this Dominion has at last arranged here for the manufacture and distribution of these Injectors, and appointed Messrs. John Taylor & Brother of this city sole agents for the Province of Quebec and some adjoining territory.
