THE FLORENCE NIGHTINGALE OF THE NURSERY. The following is an extract from a letter written by the Rev. C. Z. Weizer, to the German Reformed Messenger, at Chambersburg, Penn.:—

A BENEFACTRESS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our 'Suey' to say, 'A Blessing on Mrs. Winslow,' for helping her to survive and escape the gripping, colicking, and teething sieges. We confirm every word set forth in the Prospectus. It performs precisely what it professes to perform. Every part of it—nothing less. Away with your 'Cordial,' 'Paregoric,' 'Drops,' 'Laudanum,' and every other 'Narcotic,' by which the babe is drugged into stupidity, and rendered dull and idiotic for life.

We have never seen Mrs. Winslow—know her only through the preparation of her 'Soothing Syrup for Children Teething.' If we had the power, we would make her, as she is, a physical saviour to the Infant Race. 25 cents a bottle. Sold by all Druggists. Be sure and call for

"MRS. WINSLOW'S SOOTHING SYRUP." All others are base and dangerous imitations. April, 1868. 2m

A PUBLIC BENEFIT.—Nothing can be of more importance to the welfare of our community, than the health of our children; in this depends the future of our national greatness, and, in a large measure, the enjoyment of our own lives. We therefore claim, that in Devins' Vegetable Worm Pastilles, we have a great public benefit, a remedy so safe, so reliable, and so agreeable, which gives health and strength to the weak and sickly child, brightens to the eye, bloom to the complexion, and plumpness to the form. But parents should be careful to procure the genuine Pastille on each one of which is stamped the word "Devins," all others are useless. Prepared only by Devins & Bolton, Chemists, Montreal.

Ayer's Cathartic Pills, For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative pill. The obvious reason, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We here, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the small vessels to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For Dyspepsia or Indigestion, Loss of Appetite, Stomachic Complaints and various symptoms, Biliousness, Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it. For Dysentery or Diarrhoea, but one mild dose is generally required. For Rheumatism, Gout, Gravel, Pains of the Heart, Pain in the Side, Head and Loins, they should be continued, taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge. For Suppression a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their tendency to the purgative effect on all the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this Pill are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and in fact as all are so much more subject to colds and coughs, all should be provided with this antidote for them. Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. Hence the Cherry Pectoral they subside and disappear. Singers and Public Speakers find great protection from it. Asthma is always relieved and often wholly cured by it. Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses. So generally is it known, that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained. Prepared by DR. J. C. AYER & CO., LOWELL, MASS. HENRY SIMPSON & CO., Montreal, General Agents for Lower Canada. April 24th, 1868.

CHOLERA.

A CERTAIN CURE FOR THIS DISEASE MAY BE FOUND IN THE USE OF DAVIS' PAIN KILLER. VEGETABLE PAIN KILLER. MANHATTAN, Kansas, April 17, 1866. Gentlemen— I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have traveled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results. Yours truly, A. HUNTING, M.D.

I regret to say to you that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease. REV. CHARLES HARDING, Sholapore, India.

This certifies that I have used Perry Davis Vegetable Pain Killer, with great success, in cases of cholera infantum common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend it as a valuable family medicine. REV. JAS. O. BOOMER. Messrs. Perry Davis & Son:— Dear Sirs— Having witnessed the beneficial effects of your Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use as such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy. REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions:— At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels, with the Pain Killer clear. Should the diarrhoea and cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked, and the patient relieved in the course of a few hours. N.B.— Be sure and get the genuine article; and it is recommended by those who have used the Pain Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls, instead of one. The Pain Killer is sold everywhere by all Druggists and Country Store-keepers. PRICE, 15 cts., 25 cts. and 50 cts. per bottle. Orders should be addressed to PERRY DAVIS & SON, Manufacturers and Proprietors, MONTREAL O.E.
